

## The Yun Family's Ninth Child is an Imp! Chapter 3347

Yun chujiu was even more confused when she heard their discussion. It was not for her looks or the messenger of the Divine Phoenix. So what was it for?

It seemed that the knowledge of these ordinary people was limited. They could only wait until they met Emperor Mu Xuan to find out.

After Yun Chujiu and the others finished eating and drinking, they went on a shopping spree.

Yun chujiu, in particular, fully interpreted the word "Rich" and went shopping all the way! Equipment, buy! Talismans, buy! Elixirs, buy!

Emperor Nan Xuan and the other two were dumbfounded. This girl was really rich! Although they were also rich, it was not to the extent of squandering like her.

How would they know that this fellow bought the elixirs and talismans back just to study how to do it? This was called fishing with a small bait for a big fish.

As soon as they returned to the inn, they saw Lord Wu waiting for them impatiently.

"Your Majesty, our Emperor will hold a welcoming banquet for the four of you tonight. Please attend on time," Lord Wu said arrogantly.

Yun chujiu and the other three naturally agreed without hesitation. They also asked about some things to take note of. Lord Wu just ignored them and said a few words, then turned around and left.

Emperor nan Xuan said angrily, "What a dog that relies on the power of others! What a joke!"

Yun chujiu sighed, "Your Majesty Nan Xuan, after all, we are only a subordinate country. Not to mention others giving us face, even if I were to be the crown prince's side concubine, wouldn't I still have to come obediently? So, it's better to endure it!"

Emperor Nan Xuan asked in puzzlement, "Your Majesty Fenghua, I see that you are quite happy. Don't you want to be the crown prince's side concubine?"

Yun chujiu smiled bitterly and said, "If it were any of you, would you be willing to curse? Forget about being a side concubine of the crown prince, so what if you are a side concubine of the Crown Prince? Would you be able to be the empress of the East Feng Kingdom and be at ease?"

Emperor Nan Xuan and the other two could not help but nod. If it were them, they would definitely not be happy.

Yun chujiu continued, "The reason why I am very happy is that I have no choice. In any case, a small arm can not beat a thigh. If I were to frown and provoke the well-wood kingdom, wouldn't the East Feng Kingdom be in trouble?"

Sigh! In the end, our four kingdoms are like fish waiting to be slaughtered. If you want me to be the crown prince's side concubine now, and if you fancy your concubines in the future, you might even send them over!"

The expressions of Emperor Nan Xuan and the other two turned extremely unsightly, and they angrily rebuked, "Don't spout nonsense! It's impossible!"

Although the three of them said so, they still felt a little sad in their hearts. If the Jing Mu Kingdom really brought it up, they would probably have to do as they were told. This kind of aggrieved feeling was really uncomfortable.

Yun chujiu burst into laughter. "Alright! Alright! Just treat it as if I was spouting nonsense just now. I reckon that only our East Phoenix Kingdom is unlucky enough to be targeted by the Jing Mu Kingdom. Nothing will happen to Your Three Kingdoms."

The more Yun Chujiu said so, the more uncertain Emperor Nan Xuan and the other two became. They could tell from Lord Wu and the others' attitude that the Jing Mu Kingdom did not put them in their eyes at all, perhaps they would be dealt with after dealing with the East Phoenix Kingdom. If that was really the case, what should they do?

Seeing this, Yun Chujiu did not say anything more. She greeted them and returned to the courtyard.

Prime Minister Sima followed Yun chujiu back to the courtyard. As soon as he entered the study, he could not wait to ask, "Your Majesty, you said that on purpose just now, right? What do you want to Do?"

Yun chujiu glanced at him. "Haven't you already guessed what I want to Do?"
