

The Yun Family's Ninth Child is an Imp! Chapter 3369

Yun chujiu nodded her head regretfully. Then, she thought of a crucial question. Pi Xiu was the one who brought them in. Now that Pi Xiu was dead, how were they going to get out?

Qiong Qi looked helpless and said, "Little fairy, there's nothing I can do. Think of a way yourself."

At this time, Meng Yanshou signaled that Emperor Nan Xuan and the others were about to wake up. Yun chujiu had no choice but to put it and Qiong Qi away. She made some red juice on her body and then lay on the ground, pretending to be dead.

Emperor Nan Xuan and the others woke up one after another. They sat up in a daze and looked around in confusion.

When they saw the poisoned guard, the poisoned spirit stones, and the spirit weapons, Meng Yanshou's dream immediately filled their minds.

Yun chujiu also "Woke up" at this time. Then, she shouted with a terrified face, "Oh God, I was scared to death! That Pi Xiu wants to eat us. Fortunately, we worked together to kill that bastard!"

Emperor Nan Xuan shook his head. For a moment, he felt that his mind was a little confused. Why did he seem to see this little girl release two fierce beasts? And her spiritual beast was Tao Tie?

That's right, it was an illusion. How could this little girl have an ancient fierce beast? This was simply a joke!

Prime Minister Sima was the first to react. He ran to Yun Chujiu's side and asked with concern, "Your Majesty, Are You Alright? I have some healing pills here, please take them quickly."

Prime Minister Sima took out a porcelain bottle and poured out two pills and handed them to Yun Chujiu. Yun chujiu did not hesitate and threw them into her mouth to feed the guai Cao.

Emperor Nan Xuan and the others also began to take the pills. They had originally suffered flesh wounds, so they quickly recovered by more than half. Everyone began to look for an exit.

Yun chujiu said shamelessly, "These spirit stones and spirit tools are all highly poisonous. I reckon none of you want them. Then I won't be polite!"

"Your Majesty! Be careful! Those things are all poisonous!" Prime Minister Sima hurriedly stopped her.

"Don't worry, I'm only using my spiritual power to store them into my storage ring. I Won't touch them." Hei Xinjiu said with a smile.

Prime Minister Sima looked at Yun Chujiu putting the things into her storage ring and couldn't help but frown. Why was this scene so familiar? It seemed like the illusion in the dream was like this.

Everyone knocked around, but they couldn't find an exit. Could it be that this stone hall was just like that Pi Xiu, only entering and not leaving?

Emperor Nan Xuan and the others were very anxious. Only Empress Jiu was leisurely and calm.

Emperor nan Xuan said unhappily, "Your Majesty Fenghua, your heart is really big. Aren't you afraid of being trapped here forever?"

Yun chujiu said leisurely, "Anyway, we will find the exit sooner or later. What's the rush? ! It's safer to go out later. It's best to let Jing Jiahong think that we are already dead. Only then will they relax.

"Otherwise, even if we can avoid Jing Jiahong's siege, we won't be able to pass through the border."

Emperor nan Xuan snorted coldly, "You say it so easily. What if we never get out?"

"If we can't get out, then we can't get out. Anyway, I brought a lot of delicious food. We won't starve to death in a short time."Yun Chujiu said thoughtlessly.

Emperor Nan Xuan was so angry that he kept twitching. He ignored her and continued to look for the exit.

Yun chujiu was actually anxious too. However, if the leader of a team was anxious, it would undoubtedly have a negative impact on the entire team. That was why this guy acted as if it didn't matter.
