

The Yun Family's Ninth Child is an Imp! Chapter 3376

Although Jing Jiahong ordered the army to continue forward, he still had doubts and sent a team into the valley.

Yun chujiu was naturally not stupid enough to fall into the trap. She did not give the order to attack, and the four Country Alliance army that was lying in ambush on both sides of the cliff remained where they were.

Shang Liangxin was anxious to please Jing Jiahong, and he said obsequiously, "Your Highness, look, they have already reached the middle of the valley, and there are still no problems. There is obviously no ambush here.

What BULLSH * T four countries' Alliance Army? When they heard your name, they must have been scared away."

Jing Jiahong obviously liked these words. He waved his hand and let all the troops enter the valley.

After walking for a while, nothing happened. Shang liangxin said loudly, "Your Highness, I think we can take down the East Phoenix country in less than three days. We can take down ten vassal countries in less than a month..."

Before Shang Liangxin finished his words, he heard a clear voice say, "I've seen shameless people, but this is the first time I've seen someone as Shameless as you! You really deserve your name, you have no conscience!"

Shang Liangxin was startled. Why did this voice sound so familiar? Why did it sound like the female Emperor of Fenghua? Moreover, it seemed to be coming from above the cliff. was there an ambush?

Before he could regain his senses, he saw countless gunny sacks being thrown down from the cliff.

The soldiers of the Jing Mu Kingdom subconsciously dodged, but the 50,000-STRONG Army had blocked the road in the valley, so there wasn't much room for them to dodge.

Most of the big sacks hit the spiritual energy shield of the Jingmu Kingdom soldiers, and some of them even hit the ground.

In an instant, the chili and pepper noodles flew in all directions, and the soldiers who didn't manage to set up the spiritual energy shield choked and burst into tears. Even the soldiers who had set up the spiritual energy shield couldn't see clearly due to the flying powder.

At this moment, countless talismans, rolling logs, and big rocks were thrown down toward the valley.

As for the rolling logs and boulders, they were naturally provided by Yun Chujiu. Prime Minister Sima was dumbfounded by what he saw. Where did their majesty get so many rolling logs and boulders?

How would he know that their Empress Jiu had the Great Void Mystic Realm? She could get as many boulders as she wanted. Although these boulders could not cause too much harm to cultivators, when thrown down from a high altitude., it was enough to make the army of the Jing Mu Kingdom suffer.

The army of the Jing Mu Kingdom was really out of luck!

There were too many of them, and they were all squeezed in the narrow and long valley. Their vision was blocked by the chili and pepper noodles. When they were in a panic and didn't know where to go, they were trampled again. For a moment, they were crying like ghosts and howling like wolves. They were in a very sorry state!

Jing Jiahong was furious. He originally wanted to command the army to forcefully charge through the valley, but the attacks on both sides of the valley were too powerful, so he had no choice but to order them to retreat.

The army of the Jing Wood Kingdom retreated to the entrance of the valley in a sorry state. Jing Jiahong counted the number of people, and in just a short while, thousands of people were killed and injured. It was a great humiliation!

Shang liangxin shrunk his neck and tried his best to reduce his presence. Unfortunately, Jing Jiahong's pair of sinister eyes still looked at him, "Is this what you meant by 'foolproof'?"

Shang liangxin knelt on the ground, he cried bitterly. "Your Highness, I really sent people to investigate the cliffs on both sides. At that time, there really wasn't a single person! Your Highness, I know that I've made a huge mistake. Please give me another chance. I will definitely make up for it."

Jing Jiahong wished he could slap Shang Liangxin to death. However, now was the time to use people. Moreover, Shang Liangxin was still quite familiar with the affairs of the East Phoenix Country, therefore, he gritted his teeth. "I'll give you one chance. Think of a way to pass through this valley within three days. Otherwise, you'll have to pay with your life."
