

The Yun Family's Ninth Child is an Imp! Chapter 3384

Jing Jiahong looked at the three crooked words and was so angry that he almost vomited blood!

Even if he didn't know the story of the empty city stratagem, he now knew the meaning of the empty city stratagem!

He actually let that stinky girl be intimidated by an empty city and was forcibly delayed for three days. It was a great humiliation!

The other generals of the Jing Wood Kingdom also felt embarrassed. They thought they were good at fighting, but they were actually played by a little girl. It would make people laugh out loud.

"Chase! Chase! That little girl will not run far!" Jing Jiahong gnashed his teeth and said.

..

The army of the Jing Wood Kingdom followed closely. After walking for a day and a night, they saw a city in front of them.

"Your highness, Puyang City is in front of us. The city of Puyang city is twice as big as Jialing City, and the city walls are strong. It's easy to defend but hard to attack," said Shang Liangxin.

Before Jing Jiahong could say anything, a small head popped out from the top of the wall of Puyang City and said with a smile, "Hey! Idiots, come on, Attack! There's really no one here. I'm the only one left!"

Jing Jiahong was furious and said with a ferocious expression, "B * tch! Do you think you can play the same trick twice? ! Attack the city! Puyang city must be empty again!"

Yun chujia smiled even more brightly, "Idiot, you're wrong! I'm full of people! I've set up a trap for you to jump into! Do you dare to attack the city?"

"Humph! B * Tch! Do you really think I'm an idiot? ! You're just setting up a trap to stall for time. You're delusional! I'll definitely kill you today!"

Shang liangxin quickly echoed, "Your Highness, you're right. This B * TCH actually wants to use the same trick again. She's absolutely stupid! I'll bring my men to attack the city and capture that B * Tch. You can do whatever you want with her."

Jing Jiahong nodded and let Shang Liangxin bring 10,000 men to attack the city.

Shang Liangxin immediately brought his men to the foot of Puyang city aggressively. He calculated in his heart that this was a great opportunity for him to make up for his mistakes. As long as he could attack the city and capture that wretched Yun chujia.., the Crown Prince would definitely let bygones be bygones. He might even reward him.

Just as Shang Liangxin was feeling pleased with himself, he heard a series of miserable screams from the soldiers charging at the front. He took a closer look and saw that a long, deep pit had collapsed in front of him. The pit was filled with sharp blades, and the surface of the pit was flickering with a cold blue light. It was obvious that the pit had been poisoned.

Before Shang Liangxin could react, countless soldiers appeared on the top of the wall. Poisonous arrows and talismans were shot at him one after another. The soldiers of the Jingmu Kingdom were once again wailing like ghosts and howling like wolves.

Shang Liangxin's head buzzed. Damn it, he had been tricked again!

It turned out that this time, it was not an empty city! That wretched girl had deliberately lured them to attack the city. It was too damn damaging!

More than a thousand people had died in the traps in front of them, and more than a thousand people had died in the poison arrows and talismans this round. Before anything happened, two to three thousand people had died. It was simply a cowardly death!

Shang Liangxin did not dare to give the order for the soldiers to continue charging forward because they were still some distance away from the city wall. Who knew if there were any traps dug down there? If they charged forward, wouldn't they be sending themselves to their deaths?

However, at their current position, there was no way for them to attack the four Country Alliance army standing on top of the city wall. They were simply sitting ducks.

With no other choice, Shang Liangxin had no choice but to retreat with the remaining few thousand men.
