

The Yun Family's Ninth Child is an Imp! Chapter 3388

Jing Jiahong snorted coldly, "Yun Chujiu, you keep saying that the Divine Phoenix forbids you from getting married. Who is he? Do you think everyone is a Fool?"

The reason why Jing Jiahong questioned her like this was partly because he was angry that he couldn't get what he wanted. On the other hand, he wanted to destroy Yun Chujiu's prestige in the four kingdoms, especially in the East Phoenix Kingdom.

Hearing Jing Jiahong's question, Yun Chujiu finally remembered that this was a battlefield and not a place for lovey-dovey. She turned to look at Jing Jiahong and said proudly,

"He is my fiancé, and he is the husband that the Divine Phoenix appointed for me. Why? Do you feel inferior compared to my Prince Charming?"

"Let me tell you, my Prince Charming is very powerful. If you don't want to die, hurry up and take your men and get out of Here! "Otherwise, I'll teach you a lesson!"

Jing Jiahong was so angry that he was twitching. He finally understood that this B * Tch was the only one who had seen the Divine Phoenix, so she could say whatever she wanted. Even if others wanted to refute her, it would be useless.

He looked at di beiming with disdain. "Yun Chujiu, you're exaggerating too much! Just him alone wants to turn the entire battle situation around? What a joke! What are you all standing there for? Continue to attack the city!"

When Jing Jiahong was shouting, he felt a murderous intent enveloping him. Then, he looked at a crystal clear ice arrow shooting towards him in disbelief.

Jing Jiahong could almost feel the bone-chilling ice arrow piercing into his glabella. Before he died, he only had one thought in his mind. How could this person's strength be so terrifying?

Everyone was stunned by this sudden change!

This man in white actually took the life of the crown prince of the Jing Wood Kingdom with a raise of his hand?

One had to know that Jing Jiahong was under the protection of the soldiers of the Jing Wood Kingdom. That man stood on top of the wall and easily killed Jing Jiahong?

This strength was too terrifying!

Yun Chujiu was also stunned, then she said proudly, "Did you see that? My Prince Charming is not an ordinary person. If you don't want to die, get out of my sight! Otherwise, you will end up like your Bullsh * t Crown Prince!"

When the people of Jing Mu Kingdom saw that the crown prince was dead, they didn't have the will to fight anymore. They immediately stopped attacking the city and retreated to Jialing City, which was hundreds of miles away, waiting for the order from Emperor Mu Xuan.

Yun chujiu asked Prime Minister Sima to bring some people to clean up the battlefield. Then, she looked at di beiming, who was standing with his hands behind his back, with starry eyes. "Prince Charming, the way you killed Jing Jiahong just now was so cool! Were you trying to avenge me?"

Di beiming did not turn around. He only said lightly, "Noisy."

Yun Chujiu was stunned. Then, she giggled and said, "Did you kill him because you thought he was too noisy? That's quite a good reason to show off."

Yun chujiu grabbed di beiming's hand and wanted to bring him to stay in the city Lord's mansion.

Unexpectedly, di beiming dodged Yun Chujiu's hand and turned his head to look at her, "You, noisy."

Yun Chujiu:"..."

Only then did she come back to her senses. She was too excited just now, so she did not notice anything unusual.

For example, when she hugged him just now, his body was tense and stiff. He did not respond at all. Just now, he avoided her hand and said that she was noisy?

Yun chujiu looked up at di Beiming's eyes. His eyes were calm and emotionless.

If she had not confirmed that he was a living person, she might have mistaken him for a statue..
