

## The Yun Family's Ninth Child is an Imp! Chapter 3394

Yun chujiu said with difficulty, "It's not guai Cao, it's my heart that hurts so much. My heart might be broken. You Don't need to care about me. You can go and do your work!"

Heart Ache?

Could it be a heart disease?

"Could it be a heart disease? You didn't have such a problem in the past!" Di beiming put Yun Chujiu on the bed and said with puzzlement.

Yun chujiu hummed and said, "Maybe it was just the incubation period in the past, but now it's acting up!" "I'm feeling a little emotional today, so I'm having a mental illness." "I'm really fine. You should go. It's good that I'm dead, so I won't drag you down."

Di beiming felt a wave of anger spread from the bottom of his heart. This was a very strange emotion, and it was even angrier than before. He said coldly, "Don't say 'Die' again. This venerable self doesn't allow you to die."

A few crocodile tears flowed out of the corner of Yun Chujiu's eyes. She said weakly, "I don't want to die either, but my heart hurts, it hurts..."

Di beiming quickly held her in his arms. He checked her pulse and asked questions, and even beads of sweat appeared on his forehead.

Hei Xinjiu wanted to laugh, but she was afraid that her plan would be ruined. She could only continue to groan, "I don't know why, but I seem to be better."

Di beiming thought to himself, maybe it was because of his special constitution that he hugged her, which made her feel better?

Thinking of this, he pulled Yun chujiu into his arms and asked, "How do you feel now?"

Yun chujiu hummed, "I seem to be better than before, it's really strange."

Hearing this, di beiming felt that his guess was right, so he hugged Yun chujiu tightly.

A certain jiu was very proud of herself! Aren't you a Germaphobe? Don't you dislike physical contact with people?

Why are you hugging her now?

What bullshit doesn't have seven emotions and six desires! Even if it was really sealed, she would still use the prehistoric power (shameless) to untie it.

These few days, Hei Xinjiu did not sleep well at all. She was crying and cursing again and again. At first, she was still thinking about di beiming, but gradually, she fell asleep.

Di beiming saw that her breathing had calmed down, so he put her down and covered her with the blanket.

Di beiming turned around and wanted to leave, but when he thought of Yun chujiu's "Painful" look, he thought, what if she woke up and fell ill again? It was better to wait until he confirmed that she was fine before leaving.

Yun chujiu slept until evening. When she woke up, she saw di beiming sitting on the chair expressionlessly, like a statue, and the kind that was carved out of ten-thousand-year-old ice.

When he saw Yun chujiu open her eyes, he asked, "Are you better?"

Yun chujiu then remembered that she was pretending to be sick. She squeezed out a few tears and said, "Aiyo, My Heart Hurts!"

Di beiming frowned, "Are there people who are proficient in medical skills among those people? Find Them to help you. Don't delay the treatment."

Yun Chujiu was afraid that she would be exposed, so she quickly said, "Alright, it's better now. I Won't die. You should leave!"

She saw that di Beiming's brows were furrowed even more tightly. She was afraid that he would be suspicious, so she quickly added, "I'm fine."

"There are a few doctors, but they are all good at treating external injuries. I'm afraid that they won't be able to treat my illness."

"Prince Charming, you really don't need to care about me. You should leave. I'm used to carrying everything on my own. I can endure the pain even if it kills me."
