

The Yun Family's Ninth Child is an Imp! Chapter 3396

Yun Chujiu's heart was slightly sweet. No wonder the gigolo said that he would stay with her for a few days. It turned out that he had left the assassination of Emperor Mu to Xue Wuji and an Feng. However,

"Brother Wu Ji, can you and an Feng kill Emperor Mu with your spiritual power?"

"Little Sister Jiu, I am now the one who has broken a part of the seal! Although I am not as crazy as that expressionless freak, I am still very powerful, okay? !"

"You haven't told brother yet. How did you make that zombie change his mind? "I didn't even manage to change his expression when I tried to court death. How did you do it?"Xue Wuji asked.

Yun Chujiu's face turned red. Damn it, could she tell Xue Wuji that she sacrificed her looks? !

This guy shamelessly said, "Brother Wuji, my idol loves me to the bone, so when he sees me, he can't help but love me..."

Yun chujiu waited for a long time, but Xue Wuji did not reply. This guy did not care and kept the voice transmission talisman. Just as she was about to continue taking advantage of him.., she heard di beiming say, "Get a few military doctors to come over and take a look. Don't delay the treatment."

Yun chujiu blinked her eyes, picked up the voice transmission talisman and said a few words to prime minister sima. Then, she looked at di beiming pitifully, "Prince Charming, can you hug me? I'm a little cold."

This fellow even trembled a few times as he spoke. Di beiming hesitated for a moment, but he still walked to the bedside and hugged Yun chujiu and her in his arms. Then, he used his spiritual power to help her warm up.

Hei Xinjiu's face was flushed red as she cursed in her heart. This gigolo was too honest! Luckily, she had the guai Cao's beads to cool her down. Otherwise, she would have died from the heat!

On the other side, Prime Minister Sima received His Majesty's Voice Transmission Talisman and was dumbfounded.

After being stunned for a while, he called over a few military doctors and ordered, "I will bring you to His Majesty's treatment. You will tell him that His Majesty has a mental illness and there is no way to cure it. He can only recuperate slowly.

Moreover, you can not have too big of a fluctuation in your emotions. Otherwise, your lives will be in danger. Do you understand? If you do not follow His Majesty's instructions, His Majesty will destroy your entire family."

The few military doctors had a face full of fear and trepidation. They immediately nodded in agreement.

After a while, prime minister Sima led the few military doctors to Yun Chujiu's courtyard.

Prime Minister Sima looked at the broken pieces of the door on the floor and saw that Yun Chujiu's eyes were as red as a rabbit's. He could not help but wonder, what was going on? Their emperor was so thick-skinned that he actually cried like this?

He glanced at the man sitting by the bed, but he did not dare to look at him again. This person's strength was really terrifying. The cold air on his body was simply freezing. He did not know how their emperor endured it.

"This is my fiancé. You can call him Empress Di..." Yun Chujiu felt Di Beiming's sharp gaze and changed her words, "Just call him your majesty."

Prime Minister Sima and the other doctors quickly bowed, "Greetings, your Majesty."

Di beiming hummed and said, "Come over and take a look at her."

One of the doctors was about to take her pulse when di beiming frowned and took out the handkerchief and placed it on Yun Chujiu's wrist.

Yun Chujiu's heart skipped a beat. No matter how this pretty boy changed, his jealousy did not change. In the future, she could use this to stimulate him.

After the few military doctors checked his pulse, their expressions were a little solemn. One of the elders said,

"His Majesty's illness should be a mental illness. Currently, there is no good way. We can only recuperate quietly. It is best not to have any violent fluctuations in our emotions. Otherwise, the illness will worsen in the mild cases and the life of the severe cases will be in danger."
