

## The Yun Family's Ninth Child is an Imp! Chapter 3397

Di Beiming's tone was a little gloomy as he asked, "Is there really no way to completely cure it?"

The few military doctors were frightened by di Beiming's imposing manner, but when they thought of what prime minister Sima said earlier., they still said, "Lord Bing, we are lacking in knowledge and are good at external injuries, so if you are worried, you can look for someone else to take a look."

Yun chujiu sighed, "Prince Charming, don't make things difficult for them. I know my own body. I will live as long as I can!"

When di beiming heard Yun Chujiu's words, his heart suddenly throbbed and the chill in his body spread out. Prime Minister Sima and the few military doctors were so scared that they trembled.

Especially prime minister Sima, he was complaining in his heart. If this lord knew that they had lied to him in the future, he would definitely not spare them!

Your Majesty, you are courting death!

What kind of illness are you pretending to have? !

Yun chujiu saw that Prime Minister Sima and the few military doctors were trembling like leaves in the wind and waved her hand, "You guys can go down and guard the city well."

Prime Minister Sima and the others quickly scrambled out. Damn it, if they stayed any longer, they would definitely take the initiative to confess. This lord was too scary!

Yun chujiu was about to say something when she heard di beiming say, "This venerable one will help you find a famous doctor. Even if it's a heart disease, it shouldn't be a difficult disease to treat.

“Also, after your body is slightly better, cultivate well for this venerable one. “As long as you cultivate to the peak of spiritual link, you will be able to withstand this venerable one’s spiritual power.

“When the time comes, even if you can’t find a famous doctor, this venerable one can use spiritual power to help you repair your heart.”

Yun chujiu secretly counted with her fingers. She was only at the fifth level of the spirit illusion realm. It was still early for her to cultivate to the peak of the spiritual link realm. During this period, she could continue to fool the Pretty Boy.

Therefore., she nodded solemnly. “Don’t worry, My Prince Charming. I haven’t lived long enough. I will definitely cultivate well. “Oh right, My Prince Charming, since you can use your spiritual power to repair my heart, then when the time comes, can you also pull out the dog’s tail from My Dantian?”Gou Weiba asked

Guai Cao, who was in his dantian, felt as though he was cursing a dog in his heart! He was really unlucky today! Not only did he help to take the blame, he even wanted to get rid of it now?

“The Dantian is different from other places. Once something goes wrong, your cultivation will be completely wasted, so it’s better to find another way.”Di beiming said in a deep voice.

Yun chujiu pursed her lips. “Forget it, if you can’t get rid of it, then so be it! Anyway, the dog’s tail is still quite obedient. Moreover, you don’t want to have sex with me now, so it doesn’t matter if I get rid of it or not.”

Guai Cao heaved a sigh of relief when it heard Yun Chujiu’s words. This black-hearted little girl had a conscience! Although it had done a few bad things in the beginning, it had already turned over a new leaf, alright? !

Di beiming's eyes darkened slightly. "This venerable self will think of a way to get rid of Guai Cao for you. Also, you have to focus on your cultivation instead of thinking about things that don't exist.

"The reason why you are so weak is because your mind is focused on these meaningless things."

Yun Chujiu was stunned for a moment before she understood. Di beiming was referring to the matter of having sex. Her heart was filled with hatred. Good, very good. Gigolo, pretend that you don't have any desires!

When you want to have sex with me in the future, if I don't torture you until you vomit blood, my name will not be Yun Chujiu!

Yun chujiu squeezed out a smile. "Yes, my Prince Charming, you are right. From now on, I will focus solely on cultivation and will not think about these messy things anymore."
