

The Yun Family's Ninth Child is an Imp! Chapter 3404

Yun Chujiu looked at Meng Yanshou approvingly and then said faintly, "I haven't thought about this yet. People say that there are three palaces, six courtyards, and seventy-two concubines. I Can't be too little, right? Otherwise, people will look down on me."

As soon as Yun Chujiu finished her words, Xiao Heiniao and Meng Yanshou felt like they were going to be frozen into popsicles. However, their master, who was courting death, continued to say,

"There are many types of handsome men. If I marry one of each type, there should be at least dozens of them! Fortunately, I have money. Even if I marry more, I can still afford to raise them."

Whoosh! Whoosh!

Xiao Heiniao and Meng Yanshou were thrown out of the yard like kites with broken strings.

The two poor kids, who shared the same fate, looked at each other. Damn it, it was not a good thing that they could speak human language! If not for the fact that they were the only ones who could speak human language, the black-hearted master would not have let them do such a wicked thing!

The Nightmare Beast felt that it was even more miserable than the little black bird. The little black bird only said that the roast meat was delicious, but it said those words. That Jinx would deal with it sooner or later. It was simply hopeless!

Their black-hearted master was currently in the middle of the storm. Fortunately, this fellow had always been thick-skinned. Even though he was being stared at by Di beiming, he still continued to eat the roast meat leisurely.

"Eh? Prince Charming, why are you out? Did you smell the aroma of the roast meat and want to eat it too?"

Di beiming stared at her gloomily and said coldly, "Three palaces, six courtyards, and seventy-two concubines? Marry one of each type? How dare you!"

Yun chujiu raised her head and glanced at him. "Prince Charming, don't you have no emotions now? Then you definitely won't have sex with me, right?"

"But I still want to give birth to a monkey. If you don't want to have sex with me, then I'll find someone else to have sex with!" "Is there a problem with that?" "Don't worry, I'll reserve the position of Queen for you. You're the most important thing in my heart."

Di beiming took a deep breath, and his expression became even uglier. He said gloomily, "You have a guai Cao in your Dantian. How can you have an affair with someone else?"

"Guai Cao can be removed sooner or later. I'll marry it first and keep it in the harem to prepare for it. I don't want to be caught off guard. Besides, even if I can't have sex with them, they can hug me and sleep with me when I'm afraid of the cold!" Yun Chujiu's face showed a yearning expression.

The moment di beiming thought of Yun Chujiu being hugged by another man, the anger in his heart was like a rising flame, almost exploding him.

"If you dare to do that, I will..."

Yun chujiu threw the barbecued meat in her hand onto the ground, pointed at di beiming and said,

"What will you do? Pretty Boy, I have tolerated you for two days! Don't think that I will always accommodate you! Do you think that you are so great just because you don't have any emotions? !

“You were born to be my person, and you are my ghost even if you die. I can touch you if I want to, and I can sleep with you if I want to. If you continue to act pretentious with me, I will divorce my husband and marry someone else!”

As Yun Chujiu spoke, she stood on her tiptoes and forcefully hugged di beiming’s neck. She bit his lips. This fellow really bit him until he tasted a trace of fresh blood. Only then did she plan to let di beiming go.

Who would have thought that di beiming’s initially stiff hands would suddenly hug her. The hot kiss was like a storm, instantly causing Hei xinjiu to be kissed until the sky turned dark..

After a long time, di beiming finally let go of Yun Chujiu. There were still faint traces of blood on his lips, and Hei Xinjiu’s lips were also slightly red and swollen. Moreover, it was obvious that she was a little stunned by the kiss, she changed her previous route of the Overlord Flower and looked pitiful like a little white flower swaying in the wind and rain..
