

## The Yun Family's Ninth Child is an Imp! Chapter 3406

Only then did di beiming realize that the person in his arms was not wearing anything. Her snow-white skin was like fine white jade. He suddenly threw Yun chujiu onto the bed and left the room in a panic.

Di beiming stood at the door with a blank mind. Yun Chujiu's palm print was still on his face. He was stunned for a while like a wooden sculpture.

Hei xinjiu, who was in the room, was also very upset. She really did not do it on purpose this time. Damn it, no matter how thick-skinned she was, she could not do such a thing.

She was in a bad mood, so when she returned to the room, she took out her phone book to pass the time. After looking at it, she realized that it was late at night. In addition, the smell of the barbecued meat made her smell like fireworks, so she got out the bathtub, she wanted to take a shower before going to bed.

Who would have thought that she was so tired that she actually fell asleep while taking a shower..

When this fellow thought of the situation just now, her face immediately turned red and she was extremely angry. She had also let down her guard because he was here. Moreover, di Beiming's spiritual power was much higher than hers, so she did not notice that someone had come.

Her body was wet, and she could not just lie there. She could only get up and wipe her body, and then she began to change the bedding.

Di beiming heard the movement in the room, and only then did he come back to his senses. He said coldly, "I mistakenly thought that you fainted, that's why I did it. You should rest!"

Yun Chujiu's disdainful voice came from the room, "Bah! I don't like people like you who don't mean what you say! You obviously Covet My Beauty, but you pretend to be serious. Who are you lying to!"

Di beiming opened his mouth, but he did not know how to explain. He turned around and was about to leave when Yun chujiu opened the door from inside, she looked at him with a faint smile, "If you don't feel guilty, then sleep with me. Otherwise, you're afraid that you won't be able to control yourself if you sleep with me."

Di beiming looked at Yun Chujiu's fair little face and unconsciously glanced at her still dripping long hair. Something seemed to be slowly waking up in his body. He turned around stiffly, he said coldly, "I don't need to prove anything to you. Rest in peace!"

After saying that, di beiming turned around and walked into the room next door. However, his footsteps were slightly flustered.

Yun chujiu pouted and closed the door with a bang.

When di beiming returned to the room, the scene of kissing in the daytime flashed in his mind. It was the beautiful scene that he saw just now. It took him a long time to calm down.

He thought for a while and thought that maybe he had just broken the seal, which was why his realm wasn't stable. That was why he was easily affected by external things. With that thought, he finally calmed down.

Lying on the bed, he closed his eyes and prepared to sleep.

After a while, he suddenly sat up. When he opened the door, that little rascal's hair was wet. She wouldn't just sleep like that, would she? If that was the case, she might catch a cold. If she caught a cold, it would trigger a mental illness..

The more di beiming thought about it, the more he felt that the situation was a little serious. He immediately got out of the bed and walked quickly to Yun Chujiu's house.

He was about to raise his hand to push the door open, but he stopped again.

He, what happened?

If he was worried that she would catch a cold, he could have used his spiritual sense to scan her. Why did he rush over here in such a hurry?

He did not want to think too much. Just as he was about to use his spiritual sense to check the situation inside, he heard Yun Chujiu's faint voice from inside the room:

"The night is long, and only the five of you are with me! You are much stronger than that pretty boy. Not only are you strong and powerful, but you are also absolutely loyal to me."
