

The Yun Family's Ninth Child is an Imp! Chapter 3410

The moment Yun chujiu got close to her courtyard, she felt a bone-chilling cold. She pushed open the door and saw that the trees, flowers, and plants in the courtyard had all been frozen to the point of withering.

Her heart tightened, and when she raised her head, she saw di beiming, who had already become an ice sculpture.

Yun Chujiu's head buzzed. Just as she was about to go forward and help di beiming break the hard ice, the hard ice on di Beiming's body suddenly exploded, and di beiming opened his eyes.

Yun Chujiu's heart tightened. If the previous DI beiming still had a trace of humanity and anger, then the current di beiming was really no different from an ice sculpture.

What was going on?

Di beiming looked at Yun chujiu without any emotion in his eyes. He only said in a declarative tone, "I will go and take care of Emperor Mu Xuan Now. I believe you can handle the rest of the matters on your own.

If you have a mental illness, I will find a famous doctor to treat you. You Don't have to worry. If you are in any danger, just send me a voice transmission talisman."

After di beiming finished speaking, he turned into an afterimage and disappeared in front of Yun Chujiu.

Yun Chujiu was stunned for a moment. Did this mean that all her previous efforts had been in vain? How did things turn out like this after she went out?

Yun Chujiu felt that all the strength in her body had been drained and she collapsed on the ground. What exactly was going on?

The nightmare beast that was kept by Yun Chujiu in the bushes jumped over while trembling. "Damn, I'm freezing to death! I'm really envious of long hair now! Little Fairy, don't be anxious. I know what's going on." Meng Yanshou looked at Yun Chujiu

Yun Chujiu looked up at Meng Yanshou. "Speak!"

Meng Yanshou knew that Yun Chujiu was in a bad mood, so he didn't dare to keep her in suspense. He quickly said, "Sheng Zun's body is frozen. His old illness must have relapsed!"

"I think he sealed his seven emotions and six desires to resist the cold poison. Previously, you aroused his mortal heart, so the seal was loosened, so his old illness immediately flared up.

"When his old illness acted up, he had no choice but to seal his seven emotions and six desires again. Moreover, it seems that the seal is even tighter than the last time, so he has become even colder!"

When Yun Chujiu heard Meng Yanshou's words, her heart welled up with traces of pain. If there was still some resentment before, now it had turned into tenderness.

She bit her lips. Forget it! Next time, she would not flirt with him. Anyway, it was good that she knew that he had her in his heart. When the old illness was cured, she would look for him to settle the score.

Yun chujiu's ability to adjust her heart was extraordinary. Thinking of this, she did not feel so bad anymore. She took out a voice transmission talisman from her storage ring. "Prince Charming, I will take care of myself. You have to be careful."

On the other side, di beiming received Yun Chujiu's voice transmission talisman. His expression did not change at all, but he still replied with an emotionless "Mm".

When Yun chujiu heard di beiming's "Mm", she was very satisfied. At the very least, she could still answer her. This was not bad.

Alright, her requirements were already so low. There was no one else who had such a good-tempered girlfriend!

Just as Yun Chujiu was thinking about it, Xue Wuji's voice transmission talisman started to vibrate. "Little Sister Jiu, what did you do? Why did that expressionless man change his mind again? Did he ask an Feng and me to return to that damned place again?"

"Brother Wuji has a long story to tell. In short, he originally returned to the secular world, but now he has shaved his head again!"

On the other side, Xue Wuji:"..."
