

The Yun Family's Ninth Child is an Imp! Chapter 3412

Emperor Nan Xuan had been extremely arrogant these days. How could he listen to Yun Chujiu's Words? He said indignantly, "Your Majesty Fenghua, aren't you being too arrogant? You're ruining the spirit of our own people!"

The Jingmu Kingdom is just a paper tiger. It doesn't have any ability to resist at all! Emperor Xiwen and Emperor Beijing, do you think this is the case?"

"Your Majesty Fenghua, I think what Emperor Nanxuan said makes sense. The Jing Wood Kingdom is just a facade and doesn't have any fighting strength. We might as well finish the battle as soon as possible so that there won't be any trouble," Emperor Xiwen agreed.

Emperor bei Jing added, "Yes, the new emperor of the Jing Wood Kingdom has just ascended the throne, and the throne hasn't been firmly established yet. The army he has mobilized is also a motley crew. We can totally take down Ganshi city in one go."

Emperor Xiwen and Emperor bei Jing were also a little complacent. They had conquered the other six vassal states without much effort.

Moreover, ever since they had entered the Jing Wood Kingdom, they had been unstoppable. They hadn't encountered any strong resistance at all, so they also felt that Yun Chujiu was making a mountain out of a molehill.

Yun chujiu glanced at the three of them. "Since you insist on attacking the city, just pretend that I didn't say anything just now. "However, this siege is no small matter. If it fails, countless lives will be sacrificed. Three of you, do you dare to issue a military order?"

Hearing Yun Chujiu's provocative words, Emperor Nan Xuan and the other two naturally did not show any weakness. In a muddle-headed manner, they issued a military order. If they could not take down Ganshi city within three days, they would listen to Yun Chujiu's arrangements in the future, they could not have any more objections.

When the three of them regained their senses, they had already pressed their hand seals and sealed the jade seals of the Three Kingdoms. It was too late to go back on their words.

However, when the three of them thought about it, a mere Ganshi city wasn't a problem at all. Three days were enough.

Hence, Emperor Nan Xuan and the other two immediately mobilized their troops and began to attack the city.

Prime Minister Sima secretly moved closer to Empress Jiu and asked in a low voice, "Your Majesty, What do you think their chances of winning are?"

"There's no chance of winning."

Prime Minister Sima:" ..."

"Then why didn't you stop them? After this defeat, we have lost at least tens of thousands of people!" Prime Minister Sima said worriedly.

"Firstly, if I stop them, they will only have a rebellious mentality. They might not listen to me. Secondly, not only them, but even the people below them are drifting. If we don't teach them a lesson, they will not learn their lesson. Thirdly..." Yun Chujiu said this, she laughed sinisterly.

Prime Minister Sima Shivered. Whenever their emperor smiled like this, someone would be in trouble!

Yun chujiu laughed a few times and continued, "Thirdly, it is only a matter of time before the Jing Wood Kingdom is taken down. When that time comes, we will definitely have to redivide the territory. If I don't have something on the three of them, how will I make them bow down to me? !"

Prime Minister Sima was stunned. He silently lit a big red candle for Emperor Nan Xuan and the other two. Did they want to play tricks with His Majesty? Play them to death without any discussion!

On the other side, Emperor Nan Xuan and the other two were in high spirits. Although a little girl was strong, how strong could she be? ! At the crucial moment, it was up to them!

That night, the four Country Alliance army launched an attack.

Imperial Chancellor Liu was already prepared. All of a sudden, poison arrows, Rolling Stones, logs, and talismans were shot out from the city wall. He also learned from Yun chujiu and dug out the poison blade trap.

Although there was only one layer of poison blade, it caused many casualties among the four Country Alliance army.
