

The Yun Family's Ninth Child is an Imp! Chapter 3415

The soldiers of the Jingmu Kingdom had also suffered a severe blow to their worldview. Previously, they had thought that what imperial chancellor Liu had said was very reasonable. They were protecting their country, and they were representing the side of justice.

However, after listening to the words of the female emperor of the Zephyr kingdom, they felt that all of this was the doing of the Jingmu Kingdom, and they had brought this upon themselves.

Moreover, he felt that although the spiritual power of the female emperor of Zephyr was a little low, she was much stronger than the Gongzhao Emperor, who only knew how to seize the throne!

Also, the sudden death of the late emperor might have been caused by the fiancé of the female emperor of Phoenix.

He heard that the fiancé of the female Emperor of Zephyr was very powerful. It was still fine if he wasn't here. But if he came back, how could they survive? !

Imperial Chancellor Liu held it in for a long time before he finally said, "There's no point in talking anymore. I'll see you on the battlefield!"

Yun chujiu shrugged nonchalantly, "That sounds nice, but you guys are hiding in Ganshi city like assholes. How are we going to fight to the death? If you have the ability, come out!"

Imperial Chancellor Liu couldn't figure out Yun Chujiu's intention at the moment. If she set a trap, he would be walking into a trap if he rashly led his troops to battle. Therefore, he ignored Yun chujiu's provocation and left the city wall.

Yun chujiu curled her lips and said to Emperor Nan Xuan and the other two, "Pick a sharp-tongued and loud-mouthed one and scold me non-stop."

Emperor Nan Xuan and the other two obviously had not recovered from Yun Chujiu's shameless words. They nodded blankly.

After Yun Chujiu returned to the meeting tent, she held her chin and thought about how to take over Ganshi City.

Fighting head-on was definitely not going to work. In terms of strength, they could not beat the Jingmu Army.

Luckily, Imperial Chancellor Liu was too cautious. Otherwise, if he brought his troops out to fight, the four Country Alliance Army might be defeated.

The reason why she had people curse was to create confusion so that imperial chancellor Liu would not come back to his senses and bring his troops out to fight.

Yun chujiu gathered Emperor Nan Xuan and the others to discuss. After a day of discussion, they could not come up with any good ideas, so Yun Chujiu had no choice but to dismiss them.

This fellow washed up briefly in the evening and lay in the tent. After pondering for a long time, he did not make any progress. He rubbed his chin. Forget it. Since he had nothing to do anyway, he could chat with Empress Di.

This fellow took out a voice transmission talisman and sent a few messages to di beiming. It was nothing more than to tell him about the recent situation, telling him to be careful of Yun Yun.

This fellow was shrewd!

From time to time, his boyfriend would have to swear an oath of sovereignty, so that those flirtatious B*tches would not have a chance to take advantage of him.

Even if di beiming had sealed his seven emotions and six desires, it was still better to tease him a little when he had nothing to do.

Teasing him a little would hurt his body, but teasing him a little would bring him pleasure. Cough Cough.

To be honest, Yun chujiu did not expect di beiming to be able to reply. After all, today was different from the past. He was a cold-hearted and cold-hearted master.

Who would have thought that after a while, the voice transmission talisman actually started to vibrate. Yun chujiu could not wait to send her divine sense in. Di Beiming's emotionless voice came from within, "Get to the point."

Yun Chujiu was stunned for a moment before she reacted. Di beiming meant that she had rambled on and on. What did he want to say?

Yun chujiu gritted her teeth and squeezed out a sentence, "It's okay, my balls hurt!"

Very soon, Yun Chujiu received another reply from di beiming, "One, you don't have any eggs. Two, don't waste the voice transmission talisman."

Yun Chujiu:" ..."

Her boyfriend turned into a psychopath, why did he break? !
