

## The Yun Family's Ninth Child is an Imp! Chapter 3416

Yun chujiu angrily kept the sound transmission talisman and thought to herself, pretty boy, I'm not afraid to settle the score, we'll just wait and see!

In the next few days, the four Country Alliance army sent people to scold them, but the JINGMU country did not have any reaction.

Yun Chujiu asked the four Country Alliance army to dig some traps, but Emperor Nan Xuan and the other two did not think much of it. The JINGMU Country Army obviously would not come out to fight, so what was the use of digging or not? !

Yun chujiu glanced at the three of them, "This is called being prepared. If the Jingmu army really comes out, are you sure you can win?"

Emperor Nan Xuan and the other two did not say anything. They had been really arrogant a few days ago, and after being defeated, they had become much more obedient.

Yun chujiu was actually really anxious. If this continued, the longer it dragged on, the more disadvantageous it would be for the four Country Alliance army. They needed to think of a way to break through the city as soon as possible.

Fortune does not come in pairs, and misfortune does not come in pairs. Just as Yun Chujiu was worried about attacking the city, people in the army were poisoned one after another. Some vomited, some had diarrhea, and some had hallucinations. Luckily, as they discovered it early.., no one lost their lives because of this.

When Yun Chujiu received the report, her heart tightened. Could it be that a spy had poisoned their food?

After a careful investigation, she found out that there was a dense forest not far from where the army was stationed, and there were many mushrooms growing inside.

The soldiers in charge of food wanted to improve their food, so they picked a lot of mushrooms and stewed them with the chicken. They did not expect that there might be some poisonous mushrooms mixed in, which caused this small accident.

After hearing the reason, Emperor Nan Xuan said angrily, "They are simply looking for trouble! They don't lack food, so why pick mushrooms when they have nothing to do? !"

Emperor Xiwen echoed, "That's right, we must punish those cooks. If we hadn't found them earlier, and if the soldiers were poisoned on a large scale, how terrible would it be? !"

Emperor bei jing sighed, "It would be great if the people guarding the city ate these poisonous mushrooms. It would be much easier for us to attack the city!"

"What did you say?" Empress Jiu asked as she stared at Emperor bei Jing with sparkling eyes.

Emperor bei Jing was a little scared by Yun Chujiu's stare. He stuttered, "I said, I said, how great it would be if these poisonous mushrooms were eaten by the people of the Jing Mu Kingdom."

Yun Chujiu's heart skipped a beat. She remembered that in the psychedelic forest, she had said that she wanted to eat poisonous mushrooms. Xiao Mogu had summoned a large number of poisonous mushrooms. Xiao Mogu should be able to attract those poisonous mushrooms.., however, she didn't know if she could command those poisonous mushrooms..

Emperor bei Jing and the other two couldn't help but look dumbfounded when they saw Yun chujiu standing there with a silly smile on her face. Was this girl stupid?

Yun chujiu came back to her senses and said, "Let's go and take a look at that dense forest."

Emperor Nan Xuan and the other two didn't understand. What were they going to look at in that dense forest? Could it be that this girl was also craving for stewed chicken and mushrooms? Wasn't she afraid of being poisoned to death?

Although the three of them were filled with suspicion, they still followed Empress Jiu to that dense forest.

The area of this dense forest wasn't small, and it extended all the way to the valley in the distance. The deeper they went, the thicker the fog became. Furthermore, the deeper they went, the more mushrooms there were.

"Your Majesty Fenghua, you can't go any further in. The mushrooms in there can emit poisonous gas. If you're not careful, your life might be in danger," prime minister Sima advised from the side.

Yun chujiu waved her hand and said, "You guys stay here. I'll go in and take a look. I'll be back soon."

Before the crowd could react, Yun Chujiu had already jumped far away.
