

## The Yun Family's Ninth Child is an Imp! Chapter 3417

Prime Minister Sima's head was buzzing. Their emperor was good in every way, but he was too bold! It was filled with poisonous mushrooms! Wasn't she afraid of being poisoned to death?

Yun chujiu walked forward for some distance. The strange grass in her Dantian began to clamor for the poisonous mushrooms. Yun chujiu scolded, "Shut Up! These poisonous mushrooms are very useful, they are not for you to eat."

After Yun chujiu finished scolding the strange grass, she asked Xiao Mogu in the spirit beast bag, "Xiao Mogu, can you attract these mushrooms or command these mushrooms?"

"I can attract and command them, but at the moment, I can only attract and command the mushrooms within a hundred Li." Xiao Mogu answered with slight excitement. was master going to let it show its skills?

Yun Chujiu rolled her eyes and pondered for a moment before giving Xiao Mogu a few instructions.

Xiao Mogu readily agreed. Yun chujiu immediately released Xiao Mogu and turned around to return.

When Prime Minister Sima and the others saw that Yun Chujiu was safe and sound, they finally felt relieved.

Yun chujiu held a hundred spirit mushroom in her hand behind her back and said with a smile, "I thought there would be something like this in here. As expected, I found a few. Let's go, I'll stew some chickens for you when we get back."

Prime Minister Sima almost wanted to kneel before his majesty!

His Majesty, please be more careful!

At this time, you still want to stew some chickens and mushrooms?

Emperor Nan Xuan and the other two also curled their lips. This girl was still too young, and she would go crazy from time to time.

After everyone returned to the base, Yun Chujiu did indeed get someone to stew the mushrooms with chicken meat and then eat a big meal.

The next morning, before Yun Chujiu woke up, she heard Emperor Nan Xuan shouting outside the tent, "Emperor Fenghua, come out and take a look! The mushrooms have turned into spirits! The walls of Ganshi city are covered with poisonous mushrooms!"

Although Yun Chujiu was well aware, she still pretended to be surprised and followed Emperor Nan Xuan and the others to the front of the camp to take a look.

Although Yun Chujiu was mentally prepared, she was still shocked when she saw the scene in front of her.

The city walls of Ganshi City were covered with colorful poisonous mushrooms. The soldiers of the Jingmu Kingdom were using all kinds of methods to get rid of those poisonous mushrooms. Even so, the poisonous mushrooms were still spreading.

Yun chujiu stretched her neck and shouted, "Oh my! How is it? You will die if you don't do justice! These poisonous mushrooms are a warning from the heavens. Your Jingmu Kingdom's fate is over. Quickly surrender!"

"If you do anything wrong again, I'm afraid it won't be as simple as the poisonous mushrooms. Someone Might Die!"

..

The Jing Mu Kingdom soldiers were already panicking when they saw this strange situation. Now that they heard Yun Chujiu's words, they became even more nervous.

Was it really a warning from the Tian Dao?

Perhaps it was true. Otherwise, why would these poisonous mushrooms grow on the city wall? ! This didn't make sense at all. Didn't mushrooms grow in the forest and grass? No matter how bad it was, it was still a dark and damp place. Why would they grow on the city wall?

Moreover, these were all poisonous mushrooms without exception. This was definitely not a good sign!

Imperial Chancellor Liu saw that the morale of the army was wavering. He was so angry that he gritted his teeth. What on Earth was going on with these damn poisonous mushrooms?

The only thing that comforted him was that fortunately, these poisonous mushrooms could not emit poisonous gas. As long as they were not eaten, they would be fine.

However, it was obvious that he was happy too early. Soldiers began to die one after another. For a moment, everyone was in a panic..
