

## The Yun Family's Ninth Child is an Imp! Chapter 3418

As the number of people dying suddenly increased, the panic in Ganshi city spread.

Imperial Chancellor Liu was anxious and scared. He finally found out the cause of the sudden deaths.

It turned out that some poisonous mushrooms had grown on the walls of some wells in the city. These poisonous mushrooms were much more poisonous than the ones on the city walls. They would naturally lose their lives if they drank this kind of well water.

Upon hearing this explanation, the people of the Jingmu Kingdom did not let go of their worries. Instead, they became even more panicked. This was clearly a warning from the heavens. Otherwise, why would there be poisonous mushrooms in the well?

This was only the beginning. Very soon, someone woke up with a poisonous mushroom growing on top of his head. He was so frightened that his soul almost left his body.

Empress Jiu naturally wouldn't waste such a good opportunity. Two days later, at night, she gave the order to attack the city.

Empress Jiu was behind them. She shouted loudly with her spiritual power,

"People of the Jingmu Kingdom, listen up. The only way to save your lives is to surrender. Otherwise, you will become fodder for the poisonous mushrooms!"

"Surrender! If you surrender, you will have a good life! Besides, who is the emperor has nothing to do with you! As long as the war is over, you will be able to cultivate properly. Isn't it better than being on tenterhooks now?"

"If anyone opens the city gate, I will reward him with one million upper-grade spiritual stones!"

..

The soldiers of the Jingmu Kingdom were already in a state of panic. After hearing Yun Chujiu's words, they lost the will to resist even more.

Finally, someone couldn't resist the temptation of the bounty. He opened the city gate, and the Allied forces of the four kingdoms charged in..

What happened next was exceptionally smooth. Except for some of imperial chancellor Liu's direct subordinates who protected Imperial Chancellor Liu and escaped, the rest surrendered.

Strangely enough, when the sun rose the next day, both the poisonous mushrooms on the city walls and the poisonous mushrooms elsewhere had disappeared.

This time, not only did the people of the Jing Mu Kingdom believe that this was heaven's punishment, but the Allied forces of the four kingdoms also believed it.

They became more confident that they were on the side of justice, and they even felt more energetic walking!

Emperor Nan Xuan and the other two muttered in private, thinking that this matter had something to do with that girl. After all, she had entered the depths of the forest once, and the next day, many poisonous mushrooms appeared in Ganshi City.

However, how did she do it?

The three of them guessed that it was most likely the work of the Divine Phoenix. That girl was the messenger of the Divine Phoenix, and she might know some secret techniques.

After the three of them figured it out, they became even more fearful of Yun Chujiu.

As they had taken in more than 100,000 troops from the Jing Mu Kingdom, the Allied forces of the four countries were unstoppable, and they quickly arrived outside of Jing city.

Imperial Chancellor Liu and the royal guards lasted for less than two days before the four countries' allied forces broke through the city gate. In the end, Emperor Gongzhao and the others were trapped in the royal palace.

Imperial chancellor Liu knew that the situation was hopeless. The only thing he could do now was to save his life. Therefore, he took advantage of Emperor Gongzhao's unprepared state to kill him.

Seeing this, Liu Hanyan couldn't help but turn pale with fright, "Father, what are you doing?"

Imperial Chancellor Liu took out a jade seal from Emperor Gongzhao's storage ring and said viciously, "No poison, no husband. Now that the Imperial Jade Seal is in our hands, this is the treasure that can save our lives."

"Father, can this thing Save Our Lives?"

"Only those who have the imperial jade seal can be the rightful emperor. Whether it's the female emperor of Fenghua or the other three, they must all want this imperial jade seal.

"Let's use this imperial jade seal to fight for our lives. Perhaps we can even have a bright future," imperial chancellor Liu said sinisterly.
