

The Yun Family's Ninth Child is an Imp! Chapter 3421

Emperor Nan Xuan and the other two almost vomited blood!

Generous?

You are obviously trying to monopolize the Jing Mu Kingdom!

You are just giving them two lousy vassal kingdoms and sending them away? Can you not be so shameless!

Emperor Nan Xuan and the other two were so angry that they could not care less about their fear. Emperor nan Xuan angrily questioned, "Your Majesty Fenghua, what do you mean by this? Do you want to monopolize the Jing Mu Kingdom?"

Yun chujiu nodded, "That's right."

Emperor Nan Xuan originally thought that Yun Chujiu would give it a try, but who would have thought that she would shamelessly admit it? For a moment, he did not know what to say.

Emperor Xiwen said from the side, "Your Majesty Fenghua, back then, we agreed to split it equally. How could you do this? You are betraying us by doing this!"

Yun chujiu shrugged. "Take a good look at our four countries' Alliance Agreement. It clearly states that we will divide the territories equally after we take over the vassal states. Our East Phoenix Kingdom has already given up on splitting the vassal states equally with you. What else are you not satisfied with? Don't tell me that you still want to give us a vassal state?"

Emperor Nan Xuan and the other two were stunned. They took out the four countries' alliance agreement and read it word by word. What the F * ck! ! It only said that they would divide the territory

equally, but it didn't mention the scope of the territory equally. Had they been kicked in the head by a donkey? !

Emperor Nan Xuan was so angry that his old face turned red. "Your Majesty Fenghua, you are playing with words! You know very well that we are going to divide all the territory equally."

"That's right, your Majesty Fenghua, you can't go too far!!" "We could have just stood by and watched, but we helped you take care of the Jing Wood Kingdom. It's too unfair of you to kill the Donkey Now!" Emperor Xiwen was also very angry.

Emperor bei Jing didn't say anything, because, well, he was so angry that he couldn't speak.

Yun chujiu still had a faint smile on her face. "The three of you, you must understand a few things. First, you could have just stood by and watched, but the Jing Mu Kingdom annexed our East Phoenix Kingdom, and they will annex the Three Kingdoms of yours next. You helped me to protect yourself, so don't speak so righteously.

Second, you clearly have some misunderstanding about the meaning of "Kill the donkey and grind the mill". If I wanted to kill the donkey and grind the mill, I wouldn't have divided the vassal kingdom to you. Instead, I would have killed you and annexed your three kingdoms, do you think that I don't have the strength now?

Third, ask yourselves, in this war, have you contributed more than my East Phoenix Kingdom? Have you suffered more losses than my East Phoenix Kingdom?

Fourth, the Well-wood kingdom borders my East Phoenix Kingdom. If it is divided to you, how will you manage it? Do you want me to divide the East Phoenix Kingdom to you?

Fifth, if our four kingdoms divide their strength evenly, it won't be long before we become suspicious of each other. Then, we will quickly turn against each other. The final result will definitely be the annexation of other second-class kingdoms. Do you want to see such a scene?

Sixthly, are any of the three of you confident that you can make the original subjects of the Jingmu Kingdom submit? I can do it!

Seventhly, you have signed a military order before. From now on, you will listen to me in everything. Are you going to break the contract?

Eighthly, I will not treat you unfairly. Although I can only give each of you two vassal states now, as my territory expands in the future, you will get more and more benefits. What is a mere second-class country. ! In the future, I will let you be the rulers of a first-class country.

Finally, if the above eight rules still can not convince you, then don't blame me for being ruthless. I can only kill you. If you want to live or Die, choose for yourself!"
