

The Yun Family's Ninth Child is an Imp! Chapter 3426

Ji Shen could not figure out what Yun Chujiu was up to, but he did not want anything to happen to the beauty in his hands. He said anxiously,

“Your Majesty Fenghua, this is not a joke. Come down quickly, or the Dragon God will really eat you.”

Yun chujiu said sarcastically, “Ji Shen, as the National Master, shouldn't you be very happy to see someone sacrifice himself? Why are you still stopping me? Aren't you letting the dragon God down a little?”

Ji Shen's face stiffened. What was she trying to do?

Just as Ji Shen was puzzled, there was a flash of light on the altar, and Yun Chujiu disappeared from the spot.

Ji Shen gritted his teeth in frustration. What Bad Luck!

Forget it! It was all that Bitch's fault. Although she was good-looking, she was not very smart. Let the Dragon God use her!

When Yun Chujiu regained her sight, she found herself in a spacious stone hall. This stone hall was exactly the same as the Stone Hall of the five-colored Phoenix.

In the middle of the Stone Hall was a stone platform. There was a huge skeleton on it, and there were many huge golden scales scattered around it.

When Hei Xinjiu saw those scales, her eyes immediately curved into a crescent moon. Oh My, this thing looked high-end and high-class. It was the best thing to use to show off.

Yun chujiu looked around again. There was a pile of women's clothes in the corner. Most of them were close-fitting clothes. A strange thought emerged in her mind. "Could those women have been raped by that Ji Shen?" "But by this evil dragon?"?

"DAMN!"! "Indeed, the nature of a dragon is lewd!"! "But, how did a remnant soul do it?"?

Just as Yun Chujiu was thinking about it, a Golden Dragon Phantom appeared on the huge Dragon Bone and said lewdly,

"The goods delivered today are really not bad. It's actually a heavenly thunder spirit root? TSK TSK, little girl, you're Lucky!

"You better obediently let this divine dragon possess you. I Won't kill you. I'll seal your spiritual sense.

"After I find a suitable host, I'll let you out. When that time comes, I'll let you be this divine dragon's concubine. What do you think?"

Hearing its words, Yun Chujiu confirmed the guess in her heart. She said fawningly, "Lord Divine Dragon, I think your suggestion is very good. But before that, can you answer a few of my questions?"

The Golden Dragon was obviously very satisfied with Yun Chujiu's tactfulness. It said graciously, "What Questions?"

Yun chujiu stretched out her hand and pointed at the clothes that looked like a small mountain. "Whose clothes are those? The National Master has taken in many young women. Could it be that he didn't enjoy them, but gave them to you?"

The golden dragon said indifferently, "Those women were shared by me and him. He enjoyed the bodies of those women, while I enjoyed the souls of those women. Those clothes were kept by me as a souvenir.

"But don't worry. You are different from them. You will be my concubine in the future. I Won't kill you."

Yun chujiu nodded. She looked a little flattered, but then she showed an angry expression.

The Golden Dragon didn't understand and asked curiously, "Little beauty, what happened to you? who made you angry?"

"Master Dragon God, don't mention it! That Ji Shen is very detestable. I wanted to sacrifice myself, but he kept stopping me. If I hadn't forcefully rushed to the altar, I'm afraid he wouldn't let us meet.

"I have a guess now. I'm afraid that some good-looking girls have been hidden by him and haven't been offered to you,"Yun Chujiu said indignantly.
