

The Yun Family's Ninth Child is an Imp! Chapter 3427

Upon hearing this, the golden dragon said angrily, "I knew that Ant was not honest, but now that I'm trapped here, I can only use his hand to collect the woman's soul. I can only turn a blind eye."

"Lord Dragon God, Can Ji Shen come in here? I'm a little scared," Yun Chujiu said with a trembling voice.

The golden dragon snorted, "Who does he think he is? ! Of course he doesn't have the right to come in here, and he doesn't even know about the existence of this place."

Yun chujiu asked with confusion, "Lord Dragon God, if he doesn't know about this place, how can you order him?"

The Golden Dragon opened his mouth and was about to say something when he suddenly said angrily, "Why do you ask so many questions? ! Why Don't you come over and let me possess you?"

Yun chujiu sighed. "Lord Dragon God, you misunderstood me! I was thinking for you! That Ji Shen deceived you, Lord Dragon God, and he really deserved to die!

"Moreover, after you possess me, you will definitely have to go out. That Ji Shen is guarding outside. How are you going to go out? ! "So you have to think of a way to kill him first. Only then can you successfully escape after you leave."

The Golden Dragon Thought for a moment and felt that what Yun Chujiu said made sense.

After it possessed, its strength would be very weak for a period of time. Since Ji Shen had an evil intention towards this little girl, after it got out, it would definitely pester it.

Thinking of this, the Golden Dragon said with some annoyance, "Now that I'm trapped here, there's no way to kill him unless he walks up to the altar."

Yun chujiu blinked her eyes and said, "Lord Dragon God, I have a good idea. As long as you follow my plan, you can definitely kill him. Moreover, after you possess him, you can successfully escape."

The Golden Dragon said with some doubt, "You really have a plan? Why Are You So Active? Don't tell me there's some conspiracy?"

Yun chujiu looked aggrieved. "Lord Dragon God, didn't you promise to take me as your concubine in the future? As your concubine, I naturally have to help you."

Hearing Yun Chujiu's words, the Golden Dragon's suspicions were somewhat dispelled. Moreover, it felt that Yun Chujiu did not have the courage to go against it, a majestic divine beast.

Thus, it said in a benevolent manner, "Speak, what do you have in mind?"

Yun Chujiu said a few words. The Golden Dragon felt that this method was not bad, so it nodded.

It originally did not want to take Yun chujiu out, but Yun chujiu threatened to self-destruct her dantian, so the Golden Dragon could only agree.

After all, the Heavenly Thunder Spirit Root was something that could only be found by chance. If this wretched girl was willing to sacrifice herself, it did not know when it would be able to leave this place.

The Golden Dragon began to form seals, and with a flash of white light, the shadows of Yun Chujiu and the Golden Dragon appeared on the altar.

Ji Shen was currently talking to Emperor Nan Xuan and Prime Minister Sima. Emperor Nan Xuan and prime minister Sima had been waiting outside the Divine Hall. Ji Shen saw that Yun Chujiu was dead for sure, so he asked someone to call them in.

“His Majesty Fenghua willingly sacrificed herself to the Dragon God. It has already been eaten by the Dragon God. You can go back now!” Ji Shen said with a gloomy face.

What?

Prime minister Sima almost fainted!

In less than an hour, His Majesty had died?

Besides, His Majesty cherished his life very much. How could he sacrifice himself to the Dragon God? It was simply impossible!

Prime Minister Sima couldn't care less about fear anymore, he said angrily, “State Preceptor Ji Shen, how could our emperor sacrifice his body to the Divine Dragon for no reason? Hurry up and hand over our emperor, or else don't blame our East Phoenix kingdom for being impolite!”
