

The Yun Family's Ninth Child is an Imp! Chapter 3428

Emperor Nan Xuan was also furious. If that little girl was really captured or killed by this Ji Shen, how could the East Phoenix Kingdom let it go? ! Their South Dragon Kingdom would be doomed!

Ji Shen looked at the two of them with disdain. "His Majesty Fenghua has indeed sacrificed herself to the divine dragon. To say the least, even if my national advisor killed her, what can you do to me? ! Do you still dare to go against the Li Hen Palace? !"

Emperor Nan Xuan and prime minister Sima were so angry that they gritted their teeth. However, when they thought of the Li Hen Palace behind Ji Shen, they could not help but be cautious and did not know what to do.

When Ji Shen saw this, his attitude became even more arrogant. "I'm just informing you. Your Majesty Nan Xuan, Tomorrow is a good day. Send the seventh Princess to me!"

Emperor Nan Xuan was so angry that his old face turned red. He was filled with hatred! However, he did not dare to do anything. He almost wanted to bang his head against the wall.

At this moment, he heard the guards behind him exclaim, "Divine Dragon! The Divine Dragon has appeared!"

Emperor Nan Xuan and the other two raised their heads to look at the altar. They saw a majestic golden dragon appear above the altar.

However, what surprised them even more was that the person standing beside the Golden Dragon was actually... Yun Chujiu?

Prime Minister Sima rubbed his eyes and saw that his majesty was standing next to the Golden Dragon calmly. He even waved his claws at him.

Prime Minister Sima suddenly felt that this was like a dream. What was going on? Could it be that not only was His Majesty liked by the Divine Phoenix, but the Divine Dragon also liked her?

Ji Shen was even more shocked than them. He had been the national advisor for so many years, but he had never seen the Phantom of the Divine Dragon. Previously, the orders of the Divine Dragon were just voices.

Everyone came back to their senses and quickly knelt on the ground.

The Golden Dragon glanced at the crowd with disdain and his eyes fell on Ji Shen, who was at the front. "Are you the National Master, Ji Shen?"

Ji Shen nodded repeatedly. He had given many young girls to the Golden Dragon who were half dead. Could it be that the Golden Dragon wanted to reward him?

Before the Golden Dragon could say anything, he heard Yun Chujiu say weakly, "Master Divine Dragon, this is a historic moment. Please wait a moment. I will go down and record the process for you with the Shadow Stone."

The Golden Dragon did not object. It was good to keep it as a memento. After all, it was going to have a body soon.

Yun Chujiu jumped down from the altar and summoned the shadow stone that she had bought at a high price. She adjusted her position and nodded at the Golden Dragon.

Only then did the golden dragon say, "Ji Shen, you go up to the altar. I have something important to announce."

Ji Shen was delighted. Could it be that the Dragon God wanted to appoint him as the Dragon God's messenger? If that was the case, that would be great!

Ji Shen hurriedly stood up and walked up to the first level of the altar.

The Golden Dragon frowned. "Come to the ninth level!"

Ji Shen Thought for a moment. It was indeed better to go to the ninth level for such a solemn matter, so he climbed up to the ninth level of the altar.

Seeing that Ji Shen was within its control, the Golden Dragon sneered and said,

"Ji Shen, what crime should you commit? ! You actually used the name of this divine dragon to make the Southern Dragon Kingdom offer countless innocent girls, and those girls were eventually trampled to death by you.

A heartless person like you simply deserves death! Today, this divine dragon will execute justice on behalf of the heavens and kill you, this shameless scum!"

As soon as the Golden Dragon finished speaking, its huge claws directly smashed Ji Shen into meat paste.

Yun chujia stretched her neck and shouted, "Lord Dragon God is wise! Lord Dragon God is Mighty!"

Emperor Nan Xuan and the others reacted and also shouted.

Seeing this scene, the Golden Dragon was very proud. After it successfully possessed, in time, it would definitely be stronger than it was now. When that time came, everyone would have to bow down to it..
