

## The Yun Family's Ninth Child is an Imp! Chapter 3430

Yun chujiu touched her chin and looked at the cloudless sky with a dumbfounded face. Did her jinx skill work again? What was the reason for this?

She came back to her senses and saw that the people on the ground were still kneeling. No one got up and looked at her in horror.

This guy rolled his eyes and said seriously, "The Divine Dragon did something bad and was discovered by me, the messenger of the Divine Phoenix. You also know that the divine beasts control each other, so the divine dragon admitted defeat.

"I don't want to spread the news about me and the Divine Dragon. You know what to do, right?"

Everyone hurriedly nodded. Not only did they not dare to tell others, even if they used their courage to tell others, others would not believe them, okay? ! How could a human dare to point at a Divine Beast and curse? This was simply sensational!

Yun chujiu told Emperor Nan Xuan not to clean up the scene because the people from the Lihen Palace would arrive very soon. She wanted them to see that Ji Shen had died on the altar so that they could get away with it.

After returning to the Imperial Palace of the Southern Dragon Kingdom, Emperor Nan Xuan naturally thanked Yun chujiu profusely and his attitude became even more respectful. What a joke! This person even dared to curse the Divine Dragon. If he was not honest, he would be courting death!

"Regarding Ji Shen's matter, I have the shadow stone here. Your Majesty Nan Xuan can make a few copies. I believe that the Lihen Palace will send someone very soon. You can just hand the shadow stone over to him. There's no need to explain too much." Yun Chujiu said indifferently.

Emperor Nan Xuan nodded repeatedly. With the shadow stone, even if the Lihen Palace was dissatisfied, they would not openly make things difficult for them.

Emperor Nan Xuan was silent for a moment, then asked, "Your Majesty Fenghua, I'm still worried about one thing. If the new Imperial preceptor sent by the Lihen Palace is the same as Ji Shen, what should we do?"

Yun chujiu curled her lips. "Don't worry. The hateful palace is not that stupid. The people sent this time will definitely be good on the surface. "Moreover, after this matter, the two imperial preceptor from the West Wu kingdom and the North Xuan Kingdom will also be much more obedient."

Just as Emperor Nan Xuan was about to flatter her, the light in the room dimmed. Yun Chujiu's heart sank. F \* ck, could it be that the heavenly lightning had struck her again? !

Yun chujiu rushed into the courtyard and saw dark clouds rolling in the sky. Wu Yun's aura was astonishing. Not only was the sky getting darker, but the powerful pressure was suffocating.

Emperor Nan Xuan followed her out and looked at the sky. "Your Majesty Fenghua, is the heavenly lightning here to strike the Divine Dragon? Isn't the Divine Dragon already hidden? Why would it attract the Heavenly Lightning?"

Yun chujiu glanced at him and said faintly, "The heavenly lightning is probably here to strike me. A few days ago, I was showing off my love with the empress, so these single lightning bolts are a little envious and jealous, so they came to strike me."

Emperor Nan Xuan:" ..."

Emperor Nan Xuan recalled the lightning strike he had experienced before and couldn't help but feel a lingering fear. He asked worriedly, "Then what should we do now?"

“Don’t worry, I won’t implicate you. I will leave the city right now and draw the heavenly lightning over. Give me all the flying spiritual artifacts you have.”

Emperor Nan Xuan hurriedly transferred all the flying spiritual artifacts in his storage ring to Yun Chujiu. Only then did Yun chujiu ride the giant rabbit out of the Imperial Palace.

Prime Minister Sima, who was waiting outside the imperial palace, saw the dark clouds in the sky and had a premonition that something bad was about to happen. When he saw Empress Jiu, who had been running all the way out, he immediately staggered. It was over. The Heavenly Lightning was indeed coming for his majesty.., no one else had the ability to cause trouble like His Majesty!
