

The Yun Family's Ninth Child is an Imp! Chapter 3432

Wu Yun looked at the blackened da Hua with a dumbfounded expression. What the Hell Is This? !

Wasn't it a purple pig?

How did it turn black and grow a pair of wings? A pig can fly into the sky?

Who cares what the hell it is? Let's just chop it up first!

Several bolts of lightning struck towards da Hua. Wu Yun was stunned to discover that the damned pig actually opened its mouth and ate the lightning. Ate, ate..

Wu Yun was so shocked that she even forgot to strike the Lightning. What the F * ck! What was going on?

Yun Chujiu was meditating with her eyes closed. When she realized that the Lightning had stopped striking, she could not help but open her eyes and look curiously. When she saw that everything was normal, she did not have time to think too much and continued meditating.

After a full 15 minutes, Wu Yun finally regained her senses. What the F * ck? She had seen a ghost in broad daylight! It must have been a coincidence!

Boom! Boom! Boom!

Wu Yun struck several lightning bolts at da Hua again, and they were all eaten by da Hua. Moreover, it seemed that da Hua still wanted more.

Wu Yun was so angry!

Logically speaking, shouldn't spiritual beasts dissipate after a while? ! Why didn't this damn pig dissipate? !

Perhaps Wu Yun's resentment had taken effect, and da Hua finally dissipated.

Wu Yun vented his anger and started to attack Hei Xinjiu.

Hei Xinjiu quickly released da Hua again. This time, this guy had experience. He directly poked da Hua's sore spot. "You stupid and stupid foodie. Someone like you can only be a bachelor for the rest of your life!"

As soon as Yun Chujiu finished speaking, da Hua's body turned black and his body started to grow rapidly..

When Yun Chujiu saw that da Hua had completely turned black, she was very proud of herself. She felt that she was awesome.

When she saw that da hua had "Eaten" several bolts of lightning, she could not help but feel a little dumbfounded. This foodie even ate lightning?

However, it was also true. Lightning was the source of lightning spiritual power, and this was the same reason as eating spirit stones.

As Yun Chujiu thought about it, her eyes lit up!

Aiyo, since da Hua could eat lightning, wouldn't she save a lot of spiritual stones?

Therefore, this fellow stretched his neck and shouted, “Da Hua, eat more! Anyway, there’s a fool who will provide you with such delicious food for free. It’s a waste not to eat it!”

Wu Yun in the sky was so angry that he almost fainted! You Are the fool! Your whole family is a fool!

Therefore, hei xinjiu began to repeatedly release da Hua and anger da Hua. In the end, this fellow was too lazy to say anything more. Just saying five words could anger da Hua — a ten-thousand-year-old single pig!

Hei Xinjiu let da Hua eat the heavenly thunder while running forward.

This fellow knew very well that every time da Hua was released, it would consume a lot of her spiritual power. Therefore, she had to leave this place as soon as possible. After that, she could use her flying spiritual device to resist the heavenly thunder.

However, this fellow ran in the direction she came in for quite a while, but she still did not leave this no-fly zone. What the heck!

Could it be that there was an array formation or a barrier here?

Her heart sank as she thought of a possibility.

This place might be a barrier, and she could not enter normally. The flying spirit tool that the lightning struck her previously might have unintentionally opened the barrier, so she had mistakenly entered this place.

This fellow’s heart was like a beeping dog!

F * ck, since she could not get out, she could only walk in. Perhaps she could find a place to avoid the lightning.

Thus, Hei Xinjiu ran in the opposite direction.

Yun chujiu ran and discovered that more and more red plants were appearing on the ground. Some of them she had read about in ancient books, while others she had never seen before.
