

## The Yun Family's Ninth Child is an Imp! Chapter 3436

Yun chujiu rubbed her chin and pondered. She had to find Ying Mo. otherwise, when she went out and was half-dead from the heavenly lightning, she might fall into his trap again when she came in.

However, where was this D \* MN Ying Mo Hiding?

Yun Chujiu's eyes lit up as she thought about it. She remembered that the Succubus had once said that Ying Mo could hide in a human's shadow. She looked at the shadow beside her.

It would be best if she could make him lower his guard before she could hit him with a single strike!

Yun chujiu thought of this and snorted coldly. She muttered to herself, "I reckon that Ying Mo is already dead. Forget it, let's go out and withstand the heavenly lightning for a while. Then, we can come back in."

Yun chujiu walked out of the cave as she spoke. Ying Mo, who was hiding in her shadow, was delighted. As long as this wretched girl came out of the cave, she could forget about coming back in!

Moreover, if she was half-dead from being struck by the heavenly lightning, he could take the opportunity to capture her again and kill her directly.

Just as Yun Chujiu was about to walk out of the cave, she suddenly raised her large kitchen knife and slashed at her own shadow. Not only that, a small flame jumped out from her palm and burned the shadow on the ground.

Ying Mo let out a shrill scream and drifted out from Yun Chujiu's shadow. Unwillingly, he turned into nothingness.

Patter!

A storage ring fell from the ground.

Hei Xinjiu picked up the storage ring, refined it, and sent her spiritual sense into it.

Seeing the few things inside, she couldn't help but twitch her lips. This Ying Mo was really poor. Other than some medicinal pills and sundries, there wasn't a single spirit stone inside! Only the cage made of ten-thousand-year-old black iron was not bad.

Little did she know that Ying Mo was trapped here, and the Spirit Tool and demonic tool in his hand were all absorbed by him.

Guai Cao was quite happy, clamoring to eat those pills.

Looking at Guai Cao's excited look, Yun Chujiu knew that those pills were most likely highly toxic. She also picked one and fed it to Guai Cao, and asked it to sort out the prescription and antidote.

Guai Cao was holding its breath. She had to hand in her homework after eating some pills. If she had known this would happen, she wouldn't have fucking eaten it!

Although the Guai Cao was holding its breath, it still followed Yun Chujiu's instructions. After communicating with the Guai Cao for a long time, Yun Chujiu finally came to a conclusion. Most of the pills were refined from the red spiritual plants outside.

Yun Chujiu immediately decided that when she went out later, she would definitely pick more red spiritual plants outside.

Since these spiritual plants could be used to refine pills, they should be able to be sold for money. Now that she was raising a bottomless pit, she had to open up the source and economize!

Yun Chujiu sat down cross-legged and released the Meng Yanshou to stand guard at the side. Only then did she begin to comb through the violent lightning spiritual power in her body.

This fellow felt that it was about time, so he strolled out of the cave and then climbed up the peak with a clattering sound.

The dark clouds in the sky had been keeping watch. When they saw Yun chujiu coming out, they naturally would not let her go.

Hei Xinjiu was very miserable. She had to climb to the top of the peak and use Wu Yun's hand to flatten the peak. Otherwise, she would not be able to get out. Therefore, she could only suffer the Lightning and climb to the top of the peak with all her might.

Fortunately, she had been recuperating in the cave for a long time, so she could hold on for a while.

Wu Yun in the sky was very puzzled. Was this smelly girl's brain not working properly? Why did she have to climb to the peak instead of staying in the cave?

Wu Yun did not have time to think about anything else. Right now, he only had one thought, and that was to kill this scourge!
