

The Yun Family's Ninth Child is an Imp! Chapter 3438

The five puppets' hands were like big shovels. Wherever they went, not to mention the red herbs, even a layer of the ground was scraped away.

Yun Chujiu did not mind. It was more important to put away the red herbs first. She just needed to go back and sort them out slowly.

Hei xinjiu only put away the puppets when she was almost done picking them.

Yun Chujiu summoned her flying spirit tool and got on it. She flew in the direction she came from. She could only inform prime minister Sima and the others to come and pick her up after she had confirmed her position outside the valley.

This guy estimated that although she had been flying the flying spirit tool with all her might, she should still be in the territory of the South Dragon Kingdom, so there shouldn't be any accidents.

This fellow flew the Flying Spirit Tool leisurely, humming a little song with a face full of happiness.

This time, the lightning struck her spiritual power directly to the eighth level of spirit illusion, so she was naturally very happy.

This fellow directly adjusted the hidden spirit ring to the eighth level of spirit illusion. After all, her spiritual power was low now, so she didn't need to hide anything. Moreover, her spiritual power increased a little faster, which could also prove her identity as the Divine Phoenix Emissary.

This guy rode the flying spirit tool out of the valley entrance, but he was confused to find that there was a large dense forest below. She remembered that when she came in, it was just a grassland. Did she take the wrong way?

This guy had an ominous thought in his heart. Could it be that this bullshit candle Sky Valley was not in the Southern Dragon Kingdom at all?

This guy blinked his eyes, took out a disguise pill, and swallowed it. It was better to be prepared.

Just as Hei Xinjiu was thinking about it, the flying spiritual device suddenly sank. This Guy's heart was like a dog crying. Could it be that this place also forbade flying?

The Miserable Hei Xinjiu had no choice but to throw a few sticky silk nets at the trees below, which saved her life.

She finally broke free from the sticky silk net and landed on the ground. Looking around, there were only trees and trees. She didn't know what exactly this place was.

Hei Xinjiu had no choice but to determine the direction and ride the giant rabbit to the east.

After walking for a while, the fellow looked at his giant rabbit. This thing was too eye-catching, so he kept the giant rabbit and brought out Xiao Hong.

Yun chujiu looked at Xiao Hong. She took out some ink and drew a black flame between Xiao Hong's eyebrows. Then, she made Xiao Hong transform into two tails, in this way, Xiao Hong disguised herself as a low-level demon beast that was commonly seen in the sky high continent — the two-tailed fire fox.

Yun chujiu saw that there were no more flaws, so she rode on Xiao Hong and continued to move forward.

After walking for half a day, they finally reached the edge of the forest. However, it was still forbidden to fly, so Yun Chujiu could only continue to ride on Xiao Hong.

After walking for a while, the sound of people walking and talking came from ahead. Yun Chujiu's heart moved. Someone was coming!

Not long after, she saw a group of people walking towards her. Some of them were riding on spiritual beasts, while others were walking. When they saw Yun Chujiu, they were all stunned.

Yun chujiu could not see through the spiritual power of those people. Apparently, their spiritual power was much higher than hers.

Yun chujiu did not want to stir up trouble, so she moved to the side and gestured for those people to go over.

Those people looked at Yun chujiu curiously. Seeing that her spiritual power was low, they did not make things difficult for her and walked past her.

Yun Chujiu was secretly relieved when she heard a man ask arrogantly, "Little Girl, what are you doing in the Zhu Tian Forest? Is there anything unusual in the Zhu Tian Valley?"

Yun Chujiu's heart skipped a beat. Zhu Tian Forest? Zhu Tian Valley? It seemed that these people knew about the existence of Zhu Tian Valley. Did they know about Ying Mo?
