

The Yun Family's Ninth Child is an Imp! Chapter 3440

Yun chujiu blinked her eyes and observed for a while. She realized that not everyone had to be questioned. Some people might have special identities, and the servants they brought would not be questioned, they could directly follow their master in.

Yun chujiu rolled her eyes and fixed her gaze on a fat old man.

Based on the conversation between the Fat Old Man and the servant, Yun Chujiu had already determined that this fat old man loved money like his life, and he seemed to be very popular in Starry Night City.

Yun Chujiu moved closer to the Fat Old Man and said pitifully in a low voice, "Grandpa Zheng, I came out in a hurry today and forgot to bring my identity document. Can You Bring Me In?"

The Fat Old Man looked at Yun chujiu suspiciously. He didn't have any impression of her, but this little girl called him Grandpa Zheng right from the start. Obviously, she knew him.

The fat old man frowned. "No, I don't know you. What if you are a criminal? Wouldn't I be a criminal?"

"Grandpa Zheng, you are a noble who forgets things. I am a rich man! My father said that he owed you 100,000 high-grade spirit stones and asked me to return it to you."

As Yun Chujiu said that, she transferred the 100,000 high-grade spirit stones to the Fat Old Man. She thought to herself that even if she didn't know anyone, she should know about spirit stones, right? !

The fat old man naturally understood that this 100,000 spirit stones was not something he owed. It was the benefit that this little girl gave him. He thought about it again. This little girl was only in the sixth layer of the illusionary realm. Even if she wanted to do something bad, she didn't have the ability to do so, he might as well earn this benefit.

Thus, the Fat Old Man's face immediately revealed a kind smile. "Look at my memory. So it turns out that I have a lot of it! Let's go. Grandfather will bring you in. Don't be so careless next time."

Yun chujiu smiled and agreed. She thought to herself that this fat old man had changed his face quite quickly.

When it was the time for the Fat Old Man to line up, the soldiers guarding the city did not interrogate his servants and directly let them pass.

After entering the city, Yun Chujiu naturally would not follow the fat old man anymore. She found an excuse to separate from the Fat Old Man and his group.

This fellow felt that the most important thing now was to find an inn to settle down. Then, he would contact prime minister Sima and think of a way to return to the East Phoenix Country.

Unexpectedly, the lodging actually required an identity document. What the F * ck! What was so shameful about this starry night city? ! Why was the investigation so strict? !

Hei Xinjiu was troubled. It was fine during the day, but at night, she couldn't just wander on the streets, right? ! Wasn't she waiting to be caught? !

She rolled her eyes. The Fat Old Man seemed to be an innkeeper. She could make some plans with him. The old man was greedy for money. As long as he had enough money, he wasn't afraid that he wouldn't take her in.

Therefore, hei xinjiu strolled along the street and finally found the Zheng family's Inn run by the Fat Old Man.

When the fat old man saw Yun Chujiu come in, he narrowed his eyes and said with a smile, “Duoduo, what do you want to talk to me about?”

“Grandpa Zheng, can I talk to you for a Moment?”

The fat old man blinked his eyes and brought Yun chujiu to the inner room. “Tell me. What is it?”

“Grandpa Zheng, to be honest, I ran out of the house in a fit of anger with my father, so I don’t want to go home to retrieve the identity document. Can you let me stay here for a few days?”

The Fat Old Man was about to refuse, but Yun chujiu raised three fingers. “Thirty thousand upper-grade spirit stones per night!”

The Fat Old Man’s words immediately turned into a kind smile. “You Child, you’re really naughty! Alright, then you can stay here first!”

Yun chujiu generously transferred 150,000 high-grade spirit stones to the Fat Old Man. “Grandpa Zheng, I’ll pay the room fee for five days first. If I continue to stay there, then I’ll continue to pay.”
