

The Yun Family's Ninth Child is an Imp! Chapter 3441

When the fat old man thought about how he had easily earned 250,000 high-grade spirit stones today, he was so happy that he couldn't close his mouth. He generously arranged for Yun Chujiu to have a room on the second floor facing the street.

Yun Chujiu returned to her room to wash up. Just as she was about to take out prime minister Sima's voice transmission talisman to study the countermeasures, she heard a commotion on the street outside.

Yun Chujiu opened the window and looked outside through a crack. She saw many soldiers checking on passers-by and even entering various shops to search.

Yun Chujiu's heart sank. From the looks of it, it was obvious that she was determined to find her. Although she had disguised her appearance and spiritual power, she did not have an identity document. After checking, she would definitely be exposed.

Although that fat old man was greedy, he would definitely hand her over under threat.

Moreover, the fat old man was not the only person in this inn. Even if the fat old man wanted to protect her, someone might report her. What should she do?

Yun Chujiu's forehead was covered with fine beads of sweat. The great void mirror was still in hibernation. Otherwise, she could go in and hide.

Just as Yun chujiu was hopping around anxiously, the little black bird in the spiritual beast pouch said, "Master, why don't You Take a rejuvenation pill? After you turn into a child, naturally no one will suspect you." Xiao Heiniao said with a smile

Yun Chujiu felt that this method was feasible. It was normal for a young child's family not to give her an identity document. Moreover, no one would associate a child like her with the little girl from before.

However, the gigolo only gave her an antidote last time. Although she already knew the prescription for the guai Cao, she did not have the few herbs inside, so she had not refined the antidote.

If she ate the rejuvenation pill, she would probably have to spend some effort to find the missing herbs. Should she take the rejuvenation pill or not?

Yun chujiu saw through the crack in the window that a few people without identity documents were taken away. There were even some who resisted and were killed immediately. Without hesitation, she changed into a set of clothes and swallowed a rejuvenation pill..

At this moment, the fat old man's forehead was also covered in sweat. He felt that he had most likely picked up a big trouble!

He originally thought that it was just a little girl without identity documents. Who would have thought that she was actually an important criminal of the imperial court? If the person was found in his shop, he would also be implicated!

The fat old man gritted his teeth. If it really did not work out, he could only bleed a little! Nothing was more important than his old life!

When the time came, he would say that he deliberately left her in the inn in order to stabilize her and was preparing to report her! Right, that was what he was going to do!

Just as the fat old man made up his mind and was about to go out to "Report and make contributions," the hem of his clothes was gently tugged by someone.

The fat old man looked down and saw a pretty girl doll looking up at him. Her eyes were curved like a crescent moon.

The Fat Old Man was stunned. Where did this little girl come from? She was probably a customer's child. How Careless. Such a pretty little girl could easily be abducted by human traffickers.

"Grandpa, this is the note that sister asked me to give you."The little girl handed a note to the fat old man.

The Fat Old Man opened the note in confusion and saw a line of words written on it: "I'm leaving. This is the child that I abducted. Do As you see fit! Take the 250,000 high-grade spirit stones as your compensation."

The Fat Old Man:" ..."

The Fat Old Man's heart was like a dog that was crying! For a moment, he did not know what to feel.
