

## The Yun Family's Ninth Child is an Imp! Chapter 3447

Xiao Xiaojiu climbed onto the chair, feeling a little discouraged. She swayed her short legs and chewed on the spiritual fruit.

This guy comforted himself. No matter what, since the gigolo could come, it meant that he still cared about her. When he unsealed another layer of the seal, he might not have to seal his seven emotions and six desires anymore.

After this guy calmed himself down, he threw away the finished fruit core, climbed down the chair, and stomped out of his cabin to look for di beiming.

A certain someone was sitting cross-legged in meditation. Although he knew that Yun Chujiu was here, he didn't intend to pay attention to her.

Little nine squatted in front of a certain someone and looked at his face. The more she looked at him, the more she felt that she had good taste. She couldn't help but reach out her little paws to touch his face.

Unfortunately, before her little paws touched his face, she fell on her butt.

One of the figures opened his eyes and stared coldly at little nine-nine, who was rubbing her butt. He said coldly, "Since you're here, come and cultivate!"

Little nine pouted and could only sit next to one of the figures, combing the lightning spiritual force in her body.

Little nine was quite serious in her cultivation at the beginning. Later, she fell asleep in a daze and her body could not help but lean toward one of the figures next to her.

A certain person frowned and moved to the side. Little nine fell to the ground with a thud. Fortunately, there was a thick blanket on the ground. This fellow opened his eyes in a daze and looked for a moment before continuing to sleep soundly.

When a certain person saw little nine's heartless look, his face remained expressionless as he continued to meditate and cultivate.

After a moment, a certain person opened his eyes and took out a quilt from his storage ring to cover little nine.

Little Nine slept until evening. When she opened her eyes, she saw the blanket on her body and then looked at a certain venerable who was still meditating. The corners of her mouth curled up as she said sweetly, "Northern Sea Daddy..."

Little nine saw the cold eyes of a certain venerable and immediately changed her words, "Big Brother Northern Sea, you were the one who covered me with the blanket, right? I knew you would feel sorry for me."

A certain someone opened his eyes and looked at little nine coldly. He said emotionlessly, "I was afraid that you would get sick and delay my journey."

Little nine smiled even more happily. "Big Brother Bei Ming, you still say you don't feel sorry for me? Aren't you worried that I would get sick because you feel sorry for me?"

A certain someone:"..."

A certain someone decided to ignore Little Nine's shameless self-talk. Hence, he closed his eyes and continued to cultivate, ignoring the smiling little nine.

Little nine pursed her lips, rubbed her stomach and said, "Big Brother Bei Ming, I'm Hungry!"

There was no reaction.

Little nine stretched her neck and shouted again, "Big Brother Bei Ming, I'm Hungry!"

There was still no reaction.

Little Nine was furious! As expected, no matter how loud the noise was, it could not wake up a person who pretended not to hear.

This fellow rolled his eyes and took out a table from his storage ring. Then, he took out a few dishes and stood on the small stool to eat.

A certain person heard that something was wrong. He hesitated for a moment and opened his eyes. He saw the little person standing on the chair and grabbing the food on the plate with his hands. His face looked like a small cat, his body was also covered in vegetable soup and rice grains.

A certain person frowned and said coldly, "Your body became smaller. Did your brain also disappear? Don't you know how to use chopsticks when eating?"

"Knowing is one thing, but doing is another. My fingers are so short, how can I use chopsticks? Why Don't You Feed Me?" Little Nine said righteously.
