

The Yun Family's Ninth Child is an Imp! Chapter 3452

Granny Liu saw that Princess Zi Yue's attitude was firm, so she did not dare to say anything more. Therefore, the group left the bushes and headed towards the ghost cave.

Hei xinjiu naturally did not ignore the malicious gaze princess Zi Yue gave her. She sneered in her heart. Was she trying to stir up trouble in the Ghost Cave and kill her?

TSK TSK, she was really courting death!

Not to mention that she had a gigolo by her side, even if she did not have a gigolo, she still had many ways to kill this little B * Tch.

Thinking of the gigolo, Hei Xinjiu felt a little comforted. No matter what, this heartless person had been hugging her for four hours and had no intention of letting go of her, even though it was a little cold., but at least he knew how to protect her.

This guy rolled his eyes. "Daddy, it's so tiring to carry me all the time! Let them carry me with the pole!"

Princess Zi Yue could not wait to have such an opportunity. She immediately ordered her subordinates to take out the pole. Di beiming glanced at Hei Xinjiu and saw that her eyes were full of cunning. After a moment of silence, he put her on the pole.

Hei Xinjiu sat on the pole and took out some melon seeds. She was munching on them while humming a tune, looking very relaxed.

Seeing that di beiming had finally regained his freedom, Princess Zi Yue immediately went over and wanted to talk to him. She did not expect di beiming to flash to the side of the pole. Obviously, he was not going to say anything to her.

Princess Zi Yue was so angry that she gritted her teeth. In her heart, she became even more determined to kill little nine.

After walking for about four hours, they finally arrived at the entrance of the Ghost Cave.

Hei Xinjiu looked at the footprints on the ground and her heart moved. It seemed that the people from the Li Hate Palace had already entered the ghost cave. What secrets did this ghost cave contain?

The ghost cave was very narrow and could only allow one person to pass through. Princess Zi Yue gave the two people who were carrying the pole a look. The meaning was obvious. She wanted to find a chance to kill little nine.

Unexpectedly, di beiming stretched out his arm and picked little nine up from the pole. He was the first to enter the Ghost Cave.

Princess Zi Yue gritted her teeth. She hated him in her heart. Anyway, there were plenty of opportunities inside. Let's see if you can always protect her.

Little nine hugged di beiming's neck and looked at Princess Zi Yue who was following closely behind. She secretly mouthed, "F * ck, Crazy!"

Princess Zi Yue was so angry that she almost vomited blood! This B * Stard!

Little nine saw that Princess Zi Yue was so angry that her face turned red. A sweet smile appeared on her face and she kissed di Beiming's face.

Di beiming's body stiffened. He paused for a moment and then continued to walk forward.

Hei Xinjiu stopped when she saw the situation. She did not continue to flirt with a certain someone but instead looked at this so-called ghost cave.

The ground was very slippery and there were some moss growing on it. There was nothing special about it. Of course, it might be because this was just the entrance, and the deeper one went, the more dangerous it would be.

Princess Zi Yue finally calmed down and said gently, "Young Master Bei, the reason why this ghost cave is called a ghost cave is because there are many rarely seen ferocious demonic beasts and it is said that it is haunted.

Of course, it is very likely that this is just a rumor. People are just trying to scare themselves."

Before Princess Zi Yue finished her sentence, she heard little nine scream in fear, "Ghosts! There are ghosts! The ghosts are coming!"

Princess Zi Yue and the others were scared out of their wits and wanted to retreat. However, the tunnel was too narrow. As they pushed and shoved, a few of them squeezed into the tunnel and made a mess.

At this moment, everyone heard little nine say with a smile, "Hahaha, I'm joking with you! Isn't it fun?"
