

The Yun Family's Ninth Child is an Imp! Chapter 3456

Although the two Indigo Tigers' spirit ranks were not low, the Li Hate Palace and the Jun Tiantian Kingdom combined had several dozen people. They were soon at a disadvantage.

Little nine chewed on a fruit as she shouted, "Little things, quickly run, or you'll really lose your lives!"

The two Indigo Tigers looked at each other and then ran away.

The people of the Li Hate Palace, Princess Zi Yue, and the others did not want to waste time with the demonic beasts, so no one chased after them. The leader of the Li Hate Palace urged Di Beiming to continue exploring.

Di Beiming carried Little Nine and continued to walk forward leisurely.

The deeper they went, the brighter the blue light became. Hei Xinjiu was very curious. What on Earth could emit such a strong light? There must be a good treasure!

Just as Hei Xinjiu was thinking about it, countless black shadows suddenly flew towards them. They were so fast that no one could see what was flying towards them.

Di Beiming did not attack those things. Instead, he waved his sleeves to form a spiritual energy shield, protecting him and Little Nine within it.

Hei Xinjiu blinked her eyes and looked at those things that were continuously attacking the spiritual energy shield. Only when she got closer did she see clearly that they were countless blue vampire bats. Their bodies were emitting a faint blue light.

Hei Xinjiu was shocked. Could it be that the blue light that they saw was emitted by these bats? Heavens, the light was so bright. How many of these bats were there!

Princess Zi Yue and the others had already fought with those bats. From time to time, they could hear the screams of cultivators and bats. However, it seemed that these bats alone were not a match for Princess Zi Yue and the others.

As expected, after a fierce battle, Princess Zi Yue and the others finally killed all the blue bats. However, they had also lost a few people.

When they saw di beiming and Xiaoxiao's spotless appearance, they were both puzzled and indignant. That man had only formed a spiritual energy barrier, but the blue bats actually did not break through?

But that was also true. They had attracted the bats' attention, so he naturally took advantage of them.

At this time, Princess Zi Yue really wanted to retreat, but before she could say anything, she was frightened by the little leader's cold gaze and didn't dare to say anything more. In her heart, she was angry at di beiming. If it wasn't for him.., why would she enter this Ghost Cave on impulse? He and that little b * Stard deserved to die!

This time, di beiming did not use his little leader to urge him. He carried little nine and continued to walk forward.

Not long after, another group of blue bats flew over.

Just like before, di beiming still maintained his spiritual energy barrier and calmly watched the show from the side. After Princess Zi Yue and the others fought, a few more people died and were injured.

Princess Zi Yue did not care whether she was afraid or not, she said with a sharp voice, "No! Those blue lights in front must be emitted by these blue bats. If we continue to move forward, we will die. I want to go back!"

Those people from the Jun Heaven Kingdom did not want to move forward for a long time. When they heard Princess Zi Yue's words, they wanted to protect Princess Zi Yue and retreat. The leader of the Lihen Palace sneered:

"Princess Zi Yue, if you leave now, I guarantee that you will be expelled by the Imperial Family Tomorrow, and your followers will also be wiped out."

Princess Zi Yue and her followers felt a chill in their hearts. They absolutely did not doubt the words of the leader. Although the Jun Heaven Kingdom was a first-class country, if the Li Hate Palace blamed them, the emperor would definitely sacrifice them, even if Princess Zi Yue was a princess, they would also be abandoned.
