

The Yun Family's Ninth Child is an Imp! Chapter 3457

Princess Zi Yue was being threatened, she could only say hesitantly, "Milord, it's not that I don't want to serve the Li Hate Palace. It's just that there are so many blue bats. I'm afraid we won't be a match for them! Moreover, will there be ghost face orchids here?"

The leader sneered, "Who says we're looking for ghost face orchids? There's no need for you to say anything. Just follow us. If we succeed, there won't be any lack of benefits for you."

At this moment, Princess Zi Yue naturally did not dare to say anything else. She hesitantly agreed.

Di beiming slightly frowned. If there were no ghost face orchids here, wouldn't he have wasted all his efforts? However, if they could obtain what the Li Hate Palace was looking for, it wouldn't be too bad. Perhaps they could use it to exchange for ghost face orchids.

After a few more waves of blue bat attacks, nearly half of the people were killed or injured. Only then did they arrive at the end of the Ghost Cave.

Everyone was stunned by the magnificent scene before them!

They did not know what kind of ore the stone wall was made of, but it was emitting a faint blue light. Countless ghost face orchids were attached to the stone wall. Under the blue light, they looked like they were made of glass.

The leader of the Li Hate Palace was ecstatic. "We found it! We finally found it! This is the blue marble! Quick! Cut these blue marble carefully and take them away!"

Blue Marble?

Hei xinjiu blinked her eyes. She had never heard of it and did not know what it was used for. Could it be that it was just because of its good looks?

Di Beiming's eyes flashed with a trace of surprise. He knew about the blue marble, but he did not expect that there was such a thing in the towering sky continent.

The Blue Marble had a special effect, which was to dispel the inner demons and prevent cultivation deviation.

The blue charm glaze could be said to be a treasure to those with profound cultivation. The more profound the cultivation, the harder it was to dispel the inner demons. With this blue charm glaze, one could at least prevent one from going berserk.

However, di beiming had no interest in this blue charm glaze. He was only interested in the ghost face orchid that was attached to the blue charm glaze.

He said indifferently, "I need some ghost face orchids. I'll pick a few, and you guys can cut the blue charm glaze."

The reason why di beiming said this was because he didn't want to cause trouble for no reason. After he obtained the ghost face orchids, he could send this little rascal back to the East Phoenix Kingdom. This way, he could go back to his own matters.

Who would have thought that the little leader of the Li Hate Palace would sneer again and again. "You want the ghost face orchids? With just you? To tell you the truth, the reason why I let you live until now is because I want you to scout the way for us. Go, kill him!"

The little leader waved his hand, and the people of the Li hate palace and Princess Zi Yue immediately revealed fierce killing intent. Princess Zi Yue snorted coldly and said nothing. A good-for-nothing who didn't know what was good for him could just die!

Di Beiming's expression didn't change in the slightest. He just put little nine on the ground and said indifferently, "Go and pick the ghost face orchid."

Hei Xinjiu was very confident in her man's perversion. She immediately ran to the stone wall to pick the ghost face orchid with her short legs, as if she did not know that the people behind her were going to kill them.

Seeing di beiming ignoring them, the leader said viciously, "Don't just stand there. Kill Him Right Now!"

Immediately, three people rushed towards di beiming. Although they knew that di Beiming's spiritual power was higher than theirs, they felt that it was easy for three people to kill him.

Almost no one saw how di beiming moved. The three people had already fallen to the ground and died..
