

The Yun Family's Ninth Child is an Imp! Chapter 3458

The little leader and the others were stunned. This man was actually so strong?

However, at this point, they could only fight to the death. The little leader shouted in exasperation, "What are you all standing there for? ! Attack! Attack together! Kill him!"

Everyone charged towards di beiming. Princess Zi Yue's heart was very complicated. She was filled with regret and hatred. She looked at little nine who was picking the ghost face orchid. As long as she caught this bastard.., that man could only surrender obediently.

Hence, she took advantage of the moment when di beiming was surrounded by everyone and leaped towards little nine.

Before her foot landed on the ground, an ice arrow pierced her forehead. She tried her best to look to the other side and saw that most of the people had already died. Even those who were still struggling on the brink of death would not be able to escape the fate of death.

At this moment, Princess Zi Yue truly regretted it. If she had known this would happen, she would have left when that little b * Stard told her to leave. One wrong step, one wrong step..

The head of the Li hate palace was buzzing. It was over. None of them would survive today. If she had known this would happen, she would have let this man pick a few ghost face orchids.

While the head was in a daze, the rest of the people were all killed by di beiming. He gritted his teeth. Even if he did not survive today, this man and that Little B * Stard would not be able to live!

He took out a dark black stone from his storage ring and held it in his hand. When di beiming saw the stone, his heart trembled. Almost instantly, a mask appeared on his face, then, an ice arrow shot into the little leader's forehead.

Di beiming struck the stone with his palm, and instantly, the stone turned into powder.

When little nine heard the sound, she turned her head and saw the black powder flying in all directions. She couldn't help but ask curiously, "Male god, what is that thing?"

Di beiming took off the mask on his face and said with a cold voice, "Shadow Stone. Before he died, he probably already teleported the situation here back to the Li Hate Palace.

"However, it's a good thing that there's only your back. Moreover, my true body also put on the mask at the first moment, so I shouldn't have teleported my true body's appearance over.

"However, it's not good to stay here for long. The people of the Li Hate Palace will soon send people to the valley entrance to intercept us. We must leave as soon as possible."

Yun chujju nodded. She released five puppets to help her pick the ghost face orchids. These things were hard to come by, so she had to get more of them.

Finally, she managed to pick most of the ghost face orchids on the stone wall. This fellow took out a large kitchen knife and began to cut the blue-colored glass. Since this thing was something the Hateful Palace wanted, it must be something good. They couldn't let it go to their advantage.

When di beiming saw Yun chujju chop at the blue-colored glass, he didn't say anything. Although time was of the essence, it wasn't too late. Moreover, this blue-colored glass was very rare, so it was fine to get some.

When he saw that little nine was having a hard time, he simply took the large kitchen knife from her hand and helped her chop.

Very quickly, the two chopped off a large piece of blue-colored glass and left the ghost cave.

After carrying Yun chujiu out of the Orchid Valley, di beiming rode on his flying spirit tool and sped towards the East Phoenix Country.

Hei Xinjiu could not wait to refine an antidote for the rejuvenation pill. Just as she was about to eat it, she heard a Clank coming from the cabin next door.

Hei Xinjiu was stunned. What was the pretty boy doing?

She ran over with her short legs and saw di beiming lying on the ground with a pale face. Although there was no ice on his body, his lips were still frozen until they turned blue..
