

## The Yun Family's Ninth Child is an Imp! Chapter 3459

Yun chujiu helped di beiming sit up and asked, "Prince Charming, what's wrong? Didn't you seal your seven emotions and six desires? Why is the cold poison still acting up?"

Di beiming's expression was still calm as he said coldly, "I don't know why, but the cold poison in my body suddenly acted up, and it's even more powerful than before."

Yun chujiu frowned. It was even more intense than before? Could it be that something had triggered the thing in his body?

Could it be the blue marble or the ghost face orchid?

In order to verify her thoughts, Yun Chujiu took out a ghost face orchid and waved it in front of di beiming. Di beiming did not have any special reaction, but when Yun Chujiu took out a piece of blue marble.., di beiming's face suddenly turned even paler. Clearly, the blue marble was the culprit.

Yun chujiu quickly put away the blue marble. This thing could actually trigger the cold poison in the Gigolo's body? When she thought about how the people of the Li Hate Palace wanted to take the blue marble, could it be to deal with the gigolo?

She shook her head. How was this possible?

Even the gigolo himself didn't know that the blue marble would affect him, so how could the people of the Li Hate Palace know? ! It must be a coincidence!

However, fortunately, she had completely cut down the blue marble in the ghost cave. Even if the people of the Li Hate Palace really wanted to harm the gigolo, there was no way they could obtain it.

Di Beiming's eyes surged with emotions as he tightly clenched his fists. After a moment, his eyes regained their calmness, he said indifferently, "Although the blue charm glaze has triggered the cold poison, it has already been suppressed by this main body. There won't be any major problems. You can rest assured."

Yun chujiu looked at di beiming, whose face was as pale as a sheet of paper. She curled her lips slightly and said, "Don't you feel guilty saying this? Let me ask you, how much spiritual power do you have left? Don't tell me you don't have any left?"

Di beiming was silent for a long while, and then said with a slightly bitter tone, "Less than one percent."

Yun Chujiu:"..."

This was not a big deal? Did he really think she was a three-year-old child?

Just as Hei Xinjiu was silently complaining, she was shocked. She ran to the observation window and saw several flying spiritual artifacts flying over, obviously trying to force them to land.

Yun Chujiu's heart sank. The people from the palace of hatred had arrived so quickly? It shouldn't be!

At this moment, a shout came from one of the flying spirit tools, "Land immediately and accept the official's identity verification! Otherwise, don't blame us for being impolite!"

Official's identity verification?

It must be someone from the Jun Tiantian Kingdom. It must be an order from the palace of hatred. After all, they were in the Jun Tiantian kingdom, so the people from the Jun Tiantian Kingdom could rush over immediately.

However, what should they do next?

It was definitely impossible to escape. If the pretty boy's cold poison had not taken effect, he could have easily dealt with these people. If they resisted now, they would be courting death.

However, if they landed, they would not have any identity documents!

Yun chujiu looked at her small arms and legs. Not to mention her current condition, even if she took the antidote, she would not be able to defeat so many people. What should she do?

Yun chujiu stared at her little paws and her eyes lit up. She immediately ran to Di beiming and stuffed a pill into his mouth.

Di beiming was caught off guard and swallowed the pill. He asked in confusion, "What kind of Pill did you give me?"

Yun chujiu didn't say anything. She just gloated at di beiming.
