

The Yun Family's Ninth Child is an Imp! Chapter 3465

Although Yun Chujiu was bewildered, she revealed a pleasantly surprised expression on her face and said softly, "Uncle, is there any news about our parents?"

Leader Zhang Glanced at the two little guys, he sighed and said, "When we were on a mission, we happened to find the remains of a flying spirit tool and some bones that were gnawed by demonic beasts. I'm afraid that your parents are in grave danger."

Yun Chujiu: "..."

Di beiming: "..."

Yun chujiu was the first to react. She hugged a certain someone and cried loudly. As she cried, she secretly pinched a certain someone. "Brother, we've become orphans! Sob, brother, we don't have a home anymore!"

A certain someone did not know what crying was. Even if Yun chujiu pinched him until he was in pain, he only lowered his eyes. There was still no sadness on his face.

However, in the eyes of leader Zhang and the others, the appearance of a certain deity was automatically imagined by them. This child was probably still unable to accept the fact that his parents had passed away for a short period of time. That was why he had a blank look on his face.

Leader Zhang Sighed in his heart. He originally did not like to meddle in other people's business. However, when he saw the remains of the flying spirit tool, he remembered what little nine said about him being a good person. Therefore, after he returned., he sent someone to find the place where the siblings were staying.

After coming over for a while, leader Zhang saw that little nine had calmed down a little, then he asked, "Although your parents have passed away, there must be other relatives in the family. Where is your home? I'll send someone to send you back."

Hei Xinjiu pursed her lips. "Father and mother have passed away, so we don't have a home anymore. SOB, sob, SOB, we have nowhere to go."

Leader Zhang frowned. No Home? Could it be that something had happened to their family in the first place, which was why their parents had taken them away? Then, the person who had tried to kill them might not be a rogue cultivator, but a fight within the family.

Leader Zhang imagined a fierce and cruel civil war in the family, and he looked at the two little ones with even more pity in his eyes, he said, "Since you have nowhere else to go, there is a child welfare bureau for orphans in the city. Why Don't You Go There? Staying in an inn is not a long-term solution."

Hei Xinjiu thought to herself that she would not go to the child welfare bureau, but she could not reject it openly, the guy cried and said, "No, we will wait for father and mother here. They will definitely come to us. They will not die."

Leader Zhang tried to persuade them again. Seeing that Yun Chujiu was crying and refusing to go, he had to give up. "Forget it. Since you are not willing to go, I will not force you. You can stay here for now. I will come and visit you in a few days."

Hei Xinjiu said a few words of gratitude softly before leader Zhang left with his men.

Yun chujiu saw that everyone had left through the crack of the door and heaved a sigh of relief. She thought that she had been exposed and was scared to death.

However, with the visit of leader Zhang, their identities had been confirmed. At least, it would not arouse the suspicion of the inn owner.

Just when Hei Xinjiu thought that everything was calm, leader Zhang came to the inn again on this day with many soldiers.

“Children above the age of five and below the age of ten, immediately follow me to the Divine Hall. No mistakes are allowed,” leader Zhang said loudly.

Yun Chujiu’s heart was like a mutt. What kind of trouble was this?

Although the two little ones were not in love, they could only follow the children of other guests and be taken out of the inn.
