

The Yun Family's Ninth Child is an Imp! Chapter 3469

Hei Xinjiu tried several times to escape when the flying spiritual device landed, but she failed. Fortunately, she was smart enough to not be discovered by others.

This guy could only say to a certain God in a low voice, "Prince Charming, it seems that we can only hope that we will be eliminated or wait for you to recover your spiritual power."

Compared to Hei Xinjiu, di beiming was much calmer. He lightly said, "En."

Yun Chujiu: "..."

After Hei Xinjiu had thought things through, she immediately let go of herself. Every day, she would either eat, sleep, or touch a certain someone.

A certain someone had tried to stop her a few times but to no avail, so she couldn't be bothered with her. After all, she was only touching her small hands, touching her face, and secretly kissing him a few times... that was all.

A few days later, the flying spirit tool landed again. Hei Xinjiu thought that she had arrived at the Li Hate Palace, but who would have thought that after disembarking from the flying spirit tool, she would discover that there was a huge courtyard not far away. Could this be the Li Hate Palace? Wasn't this a little too rustic?

Just as Hei Xinjiu was thinking about this, leader Zhang had everyone stand in a row and brought them to the entrance of the courtyard.

Yun chujiu then saw a plaque on the door with four big words written on it: Academy selection.

Academy selection?

What the hell was this?

Could it be that in order to select the so-called inner court disciples, they had to go to school first before they could select a suitable candidate? Was he crazy?

Leader Zhang took the token given to him by the National Master and handed it to the guard at the door. One of the guards took the token and walked in.

A moment later, a middle-aged man walked out from inside. His attitude was not bad, but one could see that he had a faintly superior attitude.

Leader Zhang naturally did not dare to have any objections. After giving some instructions, he left with his men.

Before leaving, leader Zhang looked at Hei Xinjiu and di beiming with encouragement. His intention was self-evident. Naturally, he hoped that they could be selected in the end.

Hei Xinjiu's feelings toward leader Zhang were complicated. In short, it was just one sentence. F * ck, good intentions do bad things!

The middle-aged man glanced at the children and said coldly, "From now on, your performance will determine whether you will be selected or not. Therefore, if anyone is eliminated, don't blame me for not reminding him."

Yun chujiu was delighted. If that was the case, that would be great! She was looking forward to being eliminated! It would be great if she could just cause some trouble!

Therefore, the other children all lined up and walked inside obediently. Only Hei Xinjiu was jumping around and teasing di beiming behind her from time to time.

This guy silently shouted in his heart, 'eliminate me!!' 'eliminate me!!' 'come and eliminate me quickly!!'

Unfortunately, the middle-aged man only glanced at the two of them and did not say anything. Hei Xinjiu felt stifled. Was this person blind? Why didn't he eliminate her and the gigolo?

After entering the courtyard, Yun chujiu realized that the courtyard looked bigger than the outside. There were many courtyards inside, and after a few twists and turns, they were brought to a very large courtyard. There were three words written on the door of the courtyard — the Jun Tian courtyard.

As the name implied, this courtyard was probably prepared for the children of the Jun Tian Kingdom.

"These few days, all of you will be living and studying in the Juntian Academy. In the end, only ten of you will be left behind. Just now, No. 19 Little Treasure and No. 20 da Bao were playing around, and each of you will be deducted one point.

"Each of you will start with 100 points. If the points are deducted completely, you will be directly eliminated,"the middle-aged man said coldly.

Yun chujiu cursed in her heart. F * ck, only one point was deducted? You should deduct more points!
