

The Yun Family's Ninth Child is an Imp! Chapter 3471

When the boys saw Yun chujiu smiling happily, they could not help but look at each other suspiciously. Could this little girl be a fool?

The little fatty curled his lips. "Don't tell me you didn't understand what I just said? What are you smiling about?"

Yun chujiu smiled and took a few steps forward until she was in front of the little fatty. Then, she raised her little arm and jumped up to slap the little fatty twice.

Although the little fatty had become smaller, his spiritual power had not decreased. Although he had only used less than 10% of his strength, he had still slapped the little fatty several times. The little fatty's face instantly swelled up like a pig's head.

The little fatty was a little confused at the beginning. After he reacted, he scolded angrily, "Stupid Girl, you dare to hit me?"

Yun chujiu curled her lips. "I just hit you. Do you still want to fight back? Let me tell you, if you hit me, you will lose points! Anyway, I have already lost so many points. I Don't care! Come on, hit me?"

The little fatty's raised hand suddenly stopped. Although he did not know the rules of the Jun Heaven Academy, he would definitely lose points in a fight. He could not ruin his future just because of a moment of anger.

Seeing that the little fatty did not dare to fight back, Yun Chujiu immediately took out a whip from her storage ring and swung it on the ground a few times, she said arrogantly, "Hurry up and empty the two beds in the innermost part, or I will not be polite! If anyone is not convinced, come and fight me!"

The eight boys stared with their mouths Agape at the little girl who was holding the whip. She was obviously not as tall as them, but she made them feel that this little thing was very scary.

The boys who originally occupied the two beds looked at each other and gritted their teeth to vacate the beds. They thought to themselves that they would tell instructor Lu Jiaoxi about this little treasure bullying them the next day, at that time, they might even kick her out directly.

Seeing that they had freed up the beds, Yun Chujiu walked in with her short legs and held a certain someone's hand.

This guy pointed at the boys with his whip and scolded, "Are You Pigs? Don't you know how to clean up? Hurry up and clean up the house. Whoever is lazy, let's fight one-on-one!"

The boys looked at each other but no one moved. They thought to themselves, this little girl was just saying that. Did she really dare to be enemies with all of them?

They were clearly too naive!

Seeing that no one moved, Hei Xinjiu raised her whip and lashed it at the boy closest to her. That little boy could not avoid Hei Xinjiu's whip, and he was lashed until he cried out in pain.

When the other children saw this, they immediately became terrified!

One by one, they quickly began to clean up. They all had one hope in their hearts, and that was to tell instructor Lu Jiaoxi about this little girl's crimes the next day. By then, they would be free from the sea of bitterness.

The children finally finished cleaning up, and Hei Xinjiu occupied the only table in the room, then, she held the whip and said to the children, "I'm hungry. Take out the delicious food that you brought! If anyone doesn't know what's good for them, I'll whip them!"

The corner of a certain respected figure's eye twitched violently. Stealing the children's food, could you be any more shameless?

Those children looked at the whip in Yun Chujiu's hand and weighed the bright future of joining the Li Hate Palace. They could only reluctantly take out some food and pass it to Hei Xinjiu.

Hei Xinjiu immediately beamed as she called di beiming for dinner. This fellow was delighted. Tomorrow, these naughty children would go and complain, and then she and the gigolo would be kicked out. This was great!
