

The Yun Family's Ninth Child is an Imp! Chapter 348

Yun Chujiu made a face at everyone and stuck out her tongue. Hmph! Want to covert Yun Chujiu's man? In your dreams!

"Prince Charming, don't you usually hide your tracks? Why did you suddenly reveal yourself this time?" Yun Chujiu asked curiously.

Di Beiming raised his eyebrows. "I was feeling happy! But, why did you give me the name Di Beiyu?"

Yun Chujiu blinked her eyes at him. "I was afraid that you wouldn't think of a suitable pseudonym. Besides, there's nothing wrong with the name I gave you. Isn't it suitable?!"

The corner of Di Beiming's eyes twitched. This black thing was really good at making up lies. If he was not involved, he would have believed her.

"Prince Charming, don't call me Black Thing anymore! Little Jiu is fine!" Yun Chujiu said with a slightly red face. It was really strange. Why did she not feel embarrassed when others called her 'Little Jiu'!

Di Beiming raised his eyebrows. "I think Black Thing is nice. If you continue being noisy, you can ride the chopping board back yourself."

Yun Chujiu pursed her lips and hugged him even tighter, afraid that Di Beiming would leave her behind.

The two of them arrived at the dormitory. Yun Chujiu pouted and ignored him as she went into the room angrily.

Di Beiming raised his eyebrows. He did not go into the room to comfort Yun Chujiu. Instead, he washed his hands and placed the dishes on the stone table.

“Black Thing, it’s time for lunch! If you don’t want to eat, then forget it! You haven’t tried these new dishes this time anyway. Maybe you wouldn’t like it either!” Di Beiming raised his voice and said.

As soon as he said that, Yun Chujiu rushed out like a small whirlwind. “Who said I wouldn’t like it! Hmph!”

The corner of Di Beiming’s mouth curled up. He was proud in his heart. He had a lot of experience dealing with a greedy little thing like her!

When Yun Chujiu was halfway through eating, she suddenly screamed, “Ah, it hurts so much!”

Di Beiming was shocked. At first, he thought that Yun Chujiu was pranking him, but when he saw her appearance, he immediately became anxious.

Yun Chujiu’s forehead was covered with beads of sweat. She was obviously in extreme pain!

“Black Thing, what’s wrong?” Di Beiming hugged Yun Chujiu and asked anxiously.

“My Dantian hurts! My Dantian feels like its about to explode! Prince Charming, I-I feel terrible!” Yun Chujiu’s clothes were soon soaked in sweat. Her body was trembling and her eyes were becoming more and more unfocused.

Di Beiming was so anxious that the veins on his forehead were popping. He quickly took out a crystal-clear pill from his storage ring and stuffed it into Yun Chujiu’s mouth.

An Feng and An Yin’s mouths gaped when they saw the pill. They wanted to say something but stopped. It was a life-saving pill given to him by his honored master. Even if there was only a sliver of life left, one

would be saved. They did not expect His Honored Master to feed it to Miss Jiu just like that. Their Honored Master had completely fallen for her.

After Yun Chujiu ate the pill, her condition improved. Di Beiming hurriedly said, “Black thing, quickly use your spiritual sense to look inside and see what’s going on.”

Yun Chujiu used her spiritual sense to look inside and was instantly enraged!

She saw that the inside of her Dantian had been turned upside down! The great Void Mirror and the strange grass were fighting! The mirror kept hitting the strange grass with its body! The strange grass then used three leaves to hit the mirror!

“All of you, stop! Do you still see me as your landlord? Huh? I’m going to die! Then all of you can stop living! If you continue to torment me, I’ll cut my abdomen right now! I’ll give up my Dantian!”
