

The Yun Family's Ninth Child is an Imp! Chapter 3481

Seeing this, Xuan Yuanzhuo revealed a ruthless expression. These people actually dared to help that smelly girl deal with him. As long as they were driven out of this place, he would think of a way to kill them in the future.

The other children had gloating expressions on their faces. The fourth group would definitely lose points. The more points they lost, the better. This way, their competitors would be much fewer.

Jing jiaoxi glanced at everyone and said, "Except for the fourth group, everyone in the other groups will lose 10 points."

Hei Xinjiu was not surprised by this, but she did not expect it to be so ruthless? Lose 10 points directly? F*ck, if she had known this would happen, she would have chosen fewer correct herbs!

Immediately, someone raised an objection, "Jing Jiaoxi, why can't the fourth group lose points?"

Instructor Jing Jiaoxi said coldly, "On what basis? On the basis that the fourth group has found more correct medicinal herbs than you. If you are not convinced, take these medicinal herbs back and pick them slowly."

After instructor Jing said these words, he did not care about the medicinal herbs and directly walked away.

Yun Chujiu was secretly amazed. Not to mention other things in the hateful palace, these instructors had a very good character.

Yun chujiu kept all the herbs she had gathered into her storage ring. These herbs could be used to feed Gou Weiba.

Little Fatty and the others did not dare to say anything when they saw this. The main thing was that they had not recovered from their shock until now. They had actually gotten first place?

The feeling of going from Hell to Paradise in an instant was simply dizzying. They had not picked out a few in total, and most of the herbs in the bamboo basket had been randomly plucked by their king. Could it be that those herbs were actually correct?

The gazes the children used to look at the fourth group had some changes. Right now, the fourth group had the fewest points deducted, so it had clearly become the target of everyone's exclusion.

This was especially so for Xuan Yuanzhuo. The gaze he used to look at Yun Chujiu and the others was as if it had been tempered with poison.

At this moment, an old man walked in from outside the door. The old man's body had a cold and gloomy aura. The children immediately quieted down and looked at the old man with some fear.

"The palace of hatred never accepts cowards. Today's assessment is very simple, and that is — to kill!" The old man said coldly.

The children immediately cried out in surprise. What did he mean by this? Was he actually asking them to kill?

Yun chujiu cursed in her heart. The palace of hatred was indeed not a good place. There was actually such an assessment. It was truly freakish!

The old man swept his gaze over everyone, and the children immediately quieted down.

The old man clapped his hands, and ten people were escorted in by guards. Those ten people were all tied up and clearly did not have the slightest ability to resist.

The old man coldly said, "If you all want to not lose points, then come forward and kill one of them. As you all have seen, there are only ten people here, which means that only ten of you have a chance. Let's begin now."

Xuan Yuanzhuo's eyes revealed a ruthless determination. He had long ago killed a few disobedient servants in the Imperial Palace, so killing people was simply a piece of cake for him.

He walked to the front, drew his treasured sword, and cleanly killed a person.

Seeing Xuan Yuanzhuo's ruthlessness, the children couldn't help but cry out in surprise. The faces of the Little Fatty and the others were deathly pale. They really didn't dare to imagine how Xuan Yuanzhuo would deal with them if they couldn't enter the Li Hate Palace.

When Deng Qianyuan saw that Xuan Yuanzhuo had killed a person, he gritted his teeth. If he did not dare to kill a person, his lackeys might seek refuge with Xuan Yuanzhuo. Thus, he could only bite the bullet and kill a person with his eyes closed.
