

The Yun Family's Ninth Child is an Imp! Chapter 353

Master Xuanyuan coughed dryly. "Stop fooling around! Why did you summon the heavenly lightning twice in a day? And this time, the power seems to be even stronger than the previous one. Could it be that you've broken through again?"

Yun Chujiu sighed, "Sigh, it didn't meet my expectations. I'm still too weak!"

The crowd could not see Yun Chujiu's true spiritual power and thought that she had failed to break through, so they comforted her, "Little Jiu, this is very normal! Most disciples don't succeed every time they break through. Just work harder next time!"

"Yeah, cultivation is not something that can be achieved overnight. Take your time!"

"How long has it been since you broke through to the fourth level of the Spirit Enhancement Realm last time? Cultivation can be a dangerous thing. Don't be impatient!"

...

Yun Chujiu touched her nose. "Cough cough! Who said that I failed to break through? I only rose two levels, so I'm a little disappointed! I thought that I could break through to the eighth level of Spirit Enhancement Realm this time! But in the end, I only reached the sixth level of Spirit Enhancement Realm!"

Everyone was speechless.

'Geniuses and us ordinary people are indeed two different kinds of people!

'You f*cking leveled up two levels all of a sudden, and you're still sighing. Are you deliberately trying to anger us?!

'Ordinary disciples would be ecstatic even when they level up once, okay?!'

Di Beiming glanced at Yun Chujiu from the side. 'Black Thing really didn't even blink when she lied. The sixth level? She was already at level eight Spirit Enhancement before she leveled up! Not leveling up and instead regressing was unheard of!'

Master Xuanyuan and the others were already speechless. They had just said a lot of comforting words. What else could they say now? 'Could it be that what we said just now was all nonsense and you pretended not to hear it?'

Yun Chujiu blinked her eyes and decided to change the topic, so she said, "Master Xuanyuan, I won't change my residence for the time being. It's convenient to be struck by lightning in the future, so as to avoid hurting others!"

Master Xuanyuan nodded. "That's good too. Anyway, the amount of spiritual essence won't hinder your cultivation. I'll order the back of the Middle Peak to be a forbidden area so that you can go...um...practice."

Master Xuanyuan originally wanted to say that it would be more convenient for her to be struck by lightning, but he changed his words after thinking about it.

"Master Xuanyuan, if there's nothing else, my Prince Charming and I will go back! I'm so dirty right now. I need to go back and take a hot bath!" Yun Chujiu pointed at her dirty little face and said.

Master Xuanyuan nodded. After Di Beiming nodded at everyone, he was dragged away by Yun Chujiu!

Master Xuanyuan and the others stood where they were and watched the two leave. Then, they heard Yun Chujiu say, "Prince Charming, let's take a bath together later!"

“Shut up! Nonsense!”

“Tsk, Prince Charming, are you shy? It’s not like we haven’t taken a bath before!”

...

Everyone was in a mess!

‘Oh my god!

‘Why did our Spirit Radiance Sect have a female pervert!

‘Oh, Master Linghua, do you know what kind of disciple you have?!

‘If other sects knew that we have such a pervert, Little Ancestor Yun, we would have nowhere to put our old faces!’

“Cough cough! Everyone, Yun Chujiu is still young and doesn’t have a mother to teach her. It’s inevitable that her personality will be a little off. She’s naïve and romantic. What she says may not be what we think it is!” Master Xuanyuan coughed dryly twice. He felt that he might really have catch a cold since he coughed several times in such a short period of time!

The corners of everyone’s eyes twitched violently. ‘We believe our eyes. Yun Chujiu had either stripped or touched that Young Master Di, and now she even came out said they wanted to bathe together. If she isn’t a pervert, then what is she?!
