

The Yun Family's Ninth Child is an Imp! Chapter 362

"The Fire Spirit Beast is extremely stubborn. Once it has identified a nest, it will not easily move. Moreover, it lives in the earth fire all year round. Even the people of the Heavenly Gates Sect rarely see the beast appear, what's more us.

"Even if we can find it, it'll be difficult to capture it in the raging earth fire! Moreover, Heavenly Gates Sect is guarding it tightly. We have no chance to take action!"

Yun Chujiu nodded. In this case, stealing was definitely not an option!

"Master Xuanyuan, the Heavenly Gates Sect came with bad intentions! Why don't we delay it for a month and use this month to find the Fire Essence Beast? If we can find it, everyone will be happy. In the future, we won't have to succumb to Heavenly Gates Sect anymore. Even if we can't find it, we can use the month to think of other ways to solve this!" Yun Chujiu said as she rolled her eyes.

Master Xuanyuan and the others discussed for a while but could not think of any good ideas, so they could only do as Yun Chujiu suggested!

The next morning, the people of the two sects began to discuss again.

Du Guyi asked with a hint of pride, "Master Xuanyuan, I wonder how the discussion is going in your sect? Are you going to hand over the people or the share of Spirit Stones?"

Du Guyi had a ninety-nine percent chance of winning. "This is just the beginning. Our Heavenly Gates Sect would exterminate these forces one by one sooner or later! As long as we use the earth fire to blackmail you, I'm not afraid that you won't comply!"

Master Xuanyuan smiled faintly. "We definitely won't hand over our people! Naturally, we won't give up our share of Spirit Stones as well!"

Du Guyi snorted coldly. "So you're giving up on the earth fire? Fine! Since that's the case, there's nothing more to say! Farewell!"

"Wait! Du Guyi, we both know exactly how Zhang Xiong and the others died. There are some things that can't be said openly. Your Heavenly Gates Sect relied on the benefits of the earth fire to plunder so much. Why don't you invite everyone here and we'll evaluate the situation properly!" Master Xuanyuan's face darkened slightly, his tone became unfriendly as well!

"HMPH! Do you think I'm afraid of you?! The earth fire belongs to Heavenly Gates Sect. We can sell it to whoever we want. No one can find fault with our sect!" Even though Du Guyi said that, he was still unwilling to make a big deal out of this matter!

"Sect masters, please calm down. Please listen to me." Elder Qu came out to act as a peacemaker!

Master Xuanyuan and Du Guyi both snorted coldly and did not speak anymore!

"Sect Master Du Guyi, the incident happened so suddenly that Spirit Radiance Sect was caught off guard. Everyone's opinions are also not unanimous. Why don't we give it a few more months to discuss before we decide on an answer!" Elder Qu was shrewd, using the words "a few months" to bargain!

Du Guyi's eyes flickered, and after weighing the pros and cons, he sneered and said, "Alright! For the sake of our friendship, I'll give you a month's time. If after a month, you won't hand over your people nor share of Spirit Stones, then we'll cut off your earth fire supply!"

Du Guyi stood up and left. Before he left, Elder Zhang cast a sinister glance at Yun Chujiu, his eyes filled with killing intent.

Su Yanran also sneered. 'Yun Chujiu, even if Spirit Radiance Sect doesn't hand you over, they will still vent their anger on you because of the lost in share of Spirit Stones. You will never have a bright future!

After the people from Heavenly Gates Sect left, those from Spirit radiance Sect began to discuss their next plan!

“First, Elder Jin from the refining department should quickly forge some important spirit tools just in case. Second, Elder Qi from the refining room should also refine all the high-grade spirit herbs he has. Third, I’ll personally visit the other major factions to see if there’s any change in the situation. Last but not least, and most importantly, send a group of people to the fire cave to capture the Fire Spirit Beasts! Who is willing to lead the team?”

Everyone looked at each other. It was not that they were afraid of danger. It was that this operation was very important to Spirit Radiance Sect. They had to weigh their own weight!
