

The Yun Family's Ninth Child is an Imp! Chapter 363

Elder Xiao stood and said, "Sect Master, I'll go! I went with my master once before. Although I didn't successfully capture the Fire Spirit Beast, I've grasped some rules. Maybe I can use my knowledge."

Master Xuanyuan nodded. He thought for a while and said, "Elder Xiao and Elder Qu will lead the team and recruit an additional two elders from each peak. Bring all the new disciples who have been promoted to the inner sect with you. Tell the public that you'll lead the new disciples for the trial. It's urgent. We'll set off early tomorrow morning."

Yun Chujiu stretched out her little claws. "Bring me along too!"

Master Xuanyuan nodded. "Sure! But you can't mess around. Your safety is the most important thing!"

Yun Chujiu nodded, but she was cursing in her heart. Why did everyone have to tell her not to mess around? When had she ever messed around? Seriously! Maybe she would make a great contribution this time! At that time, she would ride back on the Fire Spirit Beast and blind everyone's eyes!

Early the next morning, Elder Xiao and Elder Qu led ten elders, twenty-nine new disciples, and an extra Yun Chujiu, and left Spirit Radiance Sect on a flying spirit tool.

An Feng looked at the flying spirit tool that had gone into the distance and quickly followed it. 'This Miss Jiu is really troublesome. Where is she going?' He was puzzled. Every time Miss Jiu was in danger, why was he unable to help because of restrictions? Could it be that heavens had arranged it on purpose?!

After setting out, Elder Qu finally told everyone the purpose of this trip. "Having you disciples here was just a ploy to deceive others. The fire cave is far from Spirit Radiance Sect and will take at least ten days of travel. Every one or two days, I'll take you guys out for a walk. All of you should be careful with your words and actions, and don't cause any trouble."

Everyone nodded, but when the elders returned to their cabins, Bai Morou said unhappily, “Yun Chujiu, it’s you again! If you didn’t provoke the people of Heavenly Gates Sect, would our sect be threatened by them? If I were you, I would take the initiative to commit suicide so as not to implicate the sect.”

Yun Chushan said softly from the side, “Junior Sister Bai, don’t say that! This person is selfish. She would not be willing to sacrifice herself! It’s useless for you to even say this since some people are very thick-skinned. In the past, they’ve implicated the family at home. Now, they’re implicating the sect!”

After everyone heard Elder Qu’s words, they already felt a slight resentment toward Yun Chujiu and the others. Now that they heard what Bai Morou and Yun Chushan said, they felt that their words were not completely unreasonable!! ‘That’s right, why should the sect take the blame for your trouble?!’

Yun Chuwu, Yun Chuqi, and Su Yun blushed. They felt very guilty already, and now that they saw everyone’s condemning and contemptuous gazes, they felt even more embarrassed!

“Are you guys done?” Yun Chujiu asked indifferently.

Bai Morou snorted coldly. “We’re done. Could it be that what we said was wrong?”

Yun Chujiu suddenly stretched out her hand and gave Bai Morou and Yun Chushan two tight slaps. Then, she kicked them away! The two of them crashed into the wall and fell to the ground.

All of this happened in a flash. Bai Moyu, who was standing next to them, did not even have time to react when he saw Bai Morou and Yun Chushan lying on the ground and screaming.

“Yun Chujiu, what are you doing?” Bai Moyu shouted angrily.

“What are you doing? Teach them not to talk nonsense in the future! Do you have a problem with that? Do you want me to teach you too?” Yun Chujiu hugged her shoulders and shook her legs arrogantly!
