

The Yun Family's Ninth Child is an Imp! Chapter 364

A few male disciples helped Bai Morou and Yun Chushan to their feet. Yun Chushan questioned them with tears in her eyes. "Yun Chujiu, how are we talking nonsense? If it weren't for the few of you, would Heavenly Gates Sect come to threaten Spirit Radiance Sect?"

Those male disciples also glared at them angrily, "That's right! Yun Chujiu, it's your fault to begin with. What's wrong with what Junior Sister Bai and Junior Sister Yun said? What right do you have to hit people?"

Yun Chujiu ignored the male disciples and looked at the Bai siblings and Yun Chushan. She said coldly, "Hmph! Have you heard of this saying? 'If you want to condemn someone, don't worry about the pretext.' Heavenly Gates Sect is just looking for trouble! Moreover, we didn't kill that bullsh*t of a person, Zhang Xiong. If we really traced it back, the culprit should be the three of you! When my fifth sister and the others were entangled by Zhang Xiong and the others, they originally wanted to crush the jade token to escape, but you guys said that you wanted to help deal with those five people!

"Unexpectedly, the three of you actually abandoned your fellow disciples and ran away with your tails between your legs! That was why Fifth Sister and the others were caught by Zhang Xiong and his posse! If anyone were to commit suicide to atone for their crimes, it should be the three of you scums who didn't care about the lives of your fellow disciples!

"The three of you are already habitual criminals. When you met Su Yanran later, didn't you also run away like cowards? How could you shameless people say that about us? You're truly shameless!

"Fifth Sister, Seventh Sister, and Senior Sister Su, lift up your heads. We didn't do anything wrong. Why should we be the victims and let others slander us?!"

Chen Dachuan and the others also came forward to confirm. "That's right. At that time, Su Yanran forced us to hand over Junior Sister Little Jiu. Bai Moyu and the other two ran the fastest! At that time, he also admitted that he didn't save Junior Sister Su Yun and the others!"

When Bai Moyu saw that Chen Dachuan and the others stood on Yun Chujiu's side, his eyes flickered a few times. He snorted coldly and said, "Those who are honest will know! No matter what the situation was at that time, the people that the Heavenly Gates Sect wants now are the few of you, Yun Chujiu. No matter what you say, it's still an excuse! Yun Chujiu, you've violated the sect rules by beating your fellow disciples. Just wait to be punished!"

Bai Morou and Yun Chushan's admirers had already gone to invite Elder Xiao and Elder Qu over. After a while, the elders pushed open the door and entered.

Bai Morou and Yun Chushan hurriedly knelt down. "Yun Chujiu beat the two of us for no reason. Elder Xiao, Elder Qu, please do us justice!"

Elder Xiao frowned. "What's going on?"

Bai Moyu also quickly knelt down and said, "Elder Xiao! Morou and Junior Sister Yun only vented a few words of dissatisfaction. Although those words weren't very pleasant to hear, Yun Chujiu shouldn't have beaten her fellow disciples. She even threatened to beat her disciples further!"

Bai Morou and Yun Chushan's admirers spoke up one after another, confirming that what Bai Moyu said was true.

Yun Chusi, Chen Dachuan, and the others wanted to speak up for Yun Chujiu, but they realized that Bai Moyu's words were watertight. They did not know what to say.

Everyone was extremely worried. No matter what the reason was, Yun Chujiu had violated the sect's rules. They were afraid that she would be punished!

Elder Xiao frowned. This Yun Chujiu was really troublesome. "Yun Chujiu, do you know your mistake?"

Yun Chujiu's small body was straight, her small neck was raised. "What mistake did I make?? The Bai siblings and Yun Chushan had left them in the mystic realm to die and escaped at the last minute. Now, they've bewitched the hearts of the people and dividing our disciples. It's simply a heinous crime! I've already done my utmost to not kill them!"

"Even if Bai Moyu and the other two are in the wrong, the Law Enforcement Agency will punish them! What right do you have to use torture on your own?" Elder Xiao was a righteous person and was very disgusted by actions that violated the sect rules.

Bai Moyu's eyes flashed with a smug look. 'Yun Chujiu, you originally provoked the Heavenly Gates Sect, and the sect leader and elders were already dissatisfied with you. You actually dare to speak up for yourself when you've violated sect rules. Just wait to be punished!'
