

The Yun Family's Ninth Child is an Imp! Chapter 367

After walking for another four hours, the number of holes in the ground began to decrease, and the number of white 'jade stones' above their heads also began to decrease! Everyone could not help but heave a sigh of relief. They had finally left the territory of the Red Flame Ants!

"Everyone, rest here for a while and replenish your strength. There will be Fire Serpents appearing ahead. Get ready!" Elder Xiao was the first to sit down on the ground. After eating a fasting pill and drinking some water, he began to meditate and rest.

Everyone also took out fasting pills or dry rations and began to eat!

Everyone took a deep breath. Why did it smell so good? Everyone followed the smell and looked over, but they were all dumbfounded!

They saw Yun Chujiu taking out an alchemy furnace and placing a few flint stones under it. Soon, the water in the alchemy furnace began to bubble!

What was Yun Chujiu doing?

Alchemy? Obviously not? Was she cooking noodles?

Using an alchemy furnace to cook noodles?

Was there really such a thing?!

Yun Chujiu slowly took out a few plates of thin sliced meat from her storage ring and placed them in the alchemy furnace. Then, she took out a small bowl with a long-prepared dipping sauce!

Yun Chujiu dipped the sliced meat into the dipping sauce and started eating happily!

Everyone was dumbfounded!! ‘Don’t even talk about using an alchemy furnace as a hot pot. The fire cave was already extremely hot, yet you’re actually eating meat slices from a hot pot. Are you crazy?!’

Elder Qu smelled the fragrance and went over. “Little Jiu, this meat slice is really fragrant, but aren’t you feeling warm?”

“It’s because it’s warm that I want to eat hot. Fighting poison with poison! This is very comfortable! Do you want to try some?” Yun Chujiu ate happily!

Elder Qu was waiting for Yun Chujiu to say that. “Hehe, then I’ll try it!”

Yun Chujiu helped Elder Qu scoop a small bowl of soup with meat slices. Elder Qu followed Yun Chujiu and dipped the meat slices into the sauce and put it into his mouth!

“Mmm! Delicious! It’s really delicious!”

The two foodies—one old and one young—ate a total of ten plates of meat slices. Elder Qu was sweating profusely from eating, but Yun Chujiu only had small beads of sweat on her forehead. The heat of the fire cave was far inferior to the heat of being struck by lightning! Moreover, Yun Chujiu had the bead spat out by the strange grass in her sleeve. She had relied on it to dispel the extreme heat in the mystic realm desert last time.

Some disciples smelled the fragrance and when they saw that Yun Chujiu was enjoying her meal, they covertly swallowed their saliva. It was very fragrant. They would definitely give it a try when they went back. Yun Chujiu’s spiritual power was not that great, but she was definitely very good at eating!

Elder Xiao looked at the two random foodies and frowned. He endured it and did not say anything!

After Yun Chujiu had eaten and drunk her fill, she put away the pill refining furnace and took out a recliner. She happily lay on it and closed her eyes to rest!

Everyone was so angry that they were twitching. 'Did you come to catch fire spirit beasts or go sightseeing? This is really too random!'

Bai Moyu's eyes revealed a trace of malice. 'Keep showing off, Yun Chujiu! You have the lowest spiritual power among us. When the time comes, I'll do something to you, and this fire cave will be your burial ground!'

After an hour, everyone continued walking!

"Ahead is the territory of the Fire Serpent. Although it is only a Tier Two demonic beast, they live in groups and exist in large numbers. Therefore, we have to end the battle quickly and not linger around!"

Sure enough, after everyone walked for a distance, the Fire Serpents began to attack them!

The Fire Serpents had a cluster of fire markings on their heads, and they could swallow and spit fireballs. Although their grades were not high, everyone's movements were limited in the fire cave. On top of the large number of fire serpents, they definitely added a lot of trouble to everyone!

Yun Chusi and the others protected Yun Chujiu in the middle. Yun Chujiu, who was thick-skinned, did not feel embarrassed at all. Instead, she kept putting the bodies of the Fire Serpents that they had killed into her storage ring. 'Although these Fire Serpents were of low grades, they aren't available anywhere else. Perhaps they can be sold for a good price!' This fellow had long forgotten what she had said before about not being too greedy!
