

## The Yun Family's Ninth Child is an Imp! Chapter 369

Bai Moyu and the others were instantly dumbfounded!

Yun Chujiu actually gave out the Fire Serpents in her storage ring to everyone right in front of them.

Chen Dachuan and the others were extremely excited. Fire Serpents were rarely seen in the market so it would bring in huge profits!

Liao Chuan and the other two were also very surprised. However, none of them had any enmity regarding the Spirit Stones so they kept the serpents after thanking Yun Chujiu!

Bai Morou said angrily, "Yun Chujiu, we killed some of them too. Why don't you give them to us?"

Yun Chujiu looked at her as if she was looking at an idiot. "Aren't you a selfless person? Do you care about these things? Right, you always care about yourself! How did that Liu Yongsheng die? I don't believe that a man like him would break those so-called jade stones for no reason?"

Yun Chujiu pointed at the male disciples beside Bai Morou and said, "Tsk tsk, you guys are still siding her. You really have such short memory!"

The male disciples recalled Liu Yongsheng's death and could not help but feel scared.

Yun Chushan said softly from the side, "This Yun Chujiu is used to twisting reality! Senior Brother Liu's death was just an accident. What does it have to do with Morou? Morou was also scared!"

Bai Morou quickly teared and said sorrowfully, "Yun Chujiu, you're slandering me! I'm also very sad that Senior Brother Liu is dead, but I have no ability to save him."

“That’s right! Yun Chujiu, don’t talk nonsense! It was Senior Brother Liu who was careless and provoked those Red Flame Ants. It has nothing to do with Junior Sister Bai!” The male disciples saw Bai Morou’s charming face full of tears and immediately threw their rationality to the back of their minds.

Yun Chujiu could not be bothered with these idiots. She could not persuade those damn imbeciles with words, so she picked up her book and continued reading.

Time passed quickly. On the third day, everyone began to worry. Elder Xiao and the others still had not returned. Could it be that they were really doomed?!

Everyone’s mood gradually fell. Yun Chujiu felt that the situation was not great either. Even if they did not catch the Fire Spirit Beast, Elder Xiao and the others should have returned. Why were they not back yet? Could it be that they had encountered some powerful demonic beast?

On the morning of the fourth day, Liao Chuan gritted his teeth. “Junior Brothers and Sisters, I’m afraid that... I’m afraid that the elders have already met their demise. According to Elder Xiao’s instructions, we will return by the same route.”

Yun Chujiu’s eyes flashed as she followed everyone and began to walk out. Although they had encountered some trouble with the Fire Serpents, they still managed to successfully exit the fire cave.

Liao Chuan called out the flying spirit tool, and everyone boarded it with heavy hearts.

“Little Jiu, what are you waiting for? Come on up!” Yun Chuqi saw that Yun Chujiu was still standing idly, so she quickly called out.

Yun Chujiu smiled at her, and then said to Liao Chuan, who was standing beside her and had yet to board the flying spirit tool, “Senior Brother Liao, I won’t go back with you guys. I want to go in and see how Elder Xiao and the others are doing.”

Liao Chuan was stunned at first, then he said seriously, "Junior Sister Xiao Jiu, your intention is good, but since Elder Xiao and the others didn't come out in one piece, it means that the situation inside must be very dangerous. Your spiritual power is low. Aren't you just sending yourself to death?"

Hearing Yun Chuqi's words, Yun Chuqi and the others also ran down from the spirit tool. "Little Jiu, don't mess around! This isn't a joke!"

Yun Chujiu said slowly and firmly, "I have to go in. I want to see people when I'm alive, and I want to see corpses when I'm dead. I can't just disappear like this! Don't worry, I have the spirit tool that the sect leader gave me. It's enough to protect my life."
