

The Yun Family's Ninth Child is an Imp! Chapter 370

Yun Chusi and the others knew that Yun Chujiu's decision would not change, so they said one after another, "Little Jiu, if that's the case, then we'll go in with you!"

Yun Chujiu shook her head. "No! The spiritual weapon on me can only ensure my own safety. Don't worry, I cherish my life very much. If I see that the situation isn't good, I'll definitely retreat!"

Liao Chuan recalled that in the previous trial, Yun Chujiu had come out of the mystic realm, and she had even brought out the inner core of a Tier Eight demonic beast. His heart moved. Perhaps this Junior Sister Little Jiu was not as mediocre as they thought. Otherwise, she would not have become a successor disciple.

Liao Chuan thought of this and said, "Junior Sister Little Jiu, since you've made up your mind, I won't stop you. We won't leave this place for the time being and will wait for you for another three days. If you still don't come out after three days, we'll leave!"

Yun Chujiu nodded. Liao Chuan was a good person. He was both smart and had morals.

Yun Chujiu immediately entered the fire cave again.

Bai Moyu, who was on the flying spirit tool, had a twinkle in his eyes. He originally wanted to use the Fire Edelweiss to do something, but he did not expect her to be so stupid as to go in and save the elders. She was really courting death!

An Feng, who was hiding in the corner, wanted to cry but had no tears. 'Oh my God, what are you doing? How could a Fire Spirit Beast be so easy to catch? It must be very dangerous! You're just a small fry! Aren't you sending yourself to your death?!

An Feng had no choice but to tail Yun Chujiu and enter the fire cave.

Yun Chujiu began to speed up. Time was life. If she delayed any longer, something untoward might happen.

Soon, she arrived at the Fire Serpents' territory. When they saw that Yun Chujiu was alone, they all spat out their tongues and crawled over.

"F*ck off!"

Yun Chujiu stretched out her hand and shot out a few purple lightning bolts!

These Fire Serpents lived in this fire cave all year round, so they had never seen purple lightning bolts before. They were immediately scared and scattered in all directions.

After Yun Chujiu scared away the Fire Serpents, she quickly continued to run forward. An Feng, who was tailing her, clicked his tongue. 'My God, judging from what Miss Jiu did just now, she should have at least the spiritual power of a second level Spirit Cultivator. Miss Jiu only used a little more than a year's time to go from a trash who had no spiritual power to a second level Spirit Cultivator. This speed of cultivation was simply frightening!

Yun Chujiu ran as fast as she could. As she ran, she put on the 'birthday gift' that she had bought from others. There were more than ten hairpins on her head, seven or eight necklaces on her neck, more than ten bracelets on her wrists, and a few colorful sashes on her waist!

After this fellow finished dressing up, she felt much more confident. Hmph! With her outfit, even if she encountered a Tier Eight demon beast, she could drag it to death!

An Feng, who was watching from behind, was dumbfounded!

'My God!

'Where did Miss Jiu get so many defensive spirit tools?

'Did she steal from the Spirit Tool Pavilion of Spirit Radiance Sect?!'

Yun Chujiu encountered a few waves of demon beasts along the way. Relying on the purple heavenly lightning and the defensive spirit tools, she passed through without much effort!

"I don't know how deep this damn fire cave is. I've been running for almost a day, but I still haven't reached the end!" Yun Chujiu was really tired from running, so she found a relatively safe place to sit down and rest!

"Rolling pin, if only you could become bigger. I can sit on it and rest! Now I can only stand on you. I really can't use it in this cave!" Yun Chujiu muttered.

The rolling pin said weakly, "Master, since you've leveled up, I'll naturally level up. I can grow bigger!"

Yun Chujiu was so angry that her nose was almost crooked. 'You can f*cking grow bigger? Why didn't you say so earlier? You made me run like a little donkey for an entire day!'
