

The Yun Family's Ninth Child is an Imp! Chapter 373

Yun Chujiu dodged the fireball in a fluster. She suddenly remembered that the gigolo had once said that the concealment talisman was only effective against those below the fifth level of the Spirit Emperor realm. That damn Fire Dragon had already discovered her!

Yun Chujiu simply put away the concealment talisman. Perhaps she could use it again in the future.

An Feng saw that the situation was critical, so he did not care whether he was exposed or not. He also put away the concealment talisman and shouted, "Miss Jiu, this is the Fire Dragon. We're no match to it. Quickly retreat. I'll hold it off!"

Yun Chujiu was stunned when she saw him. She did not have time to ask anything, so she rolled her eyes and said in a low voice, "Let's go into the spirit shield first. We can discuss and then decide what to do!"

An Feng did not have any good ideas, so he could only cooperate with Yun Chujiu to catch the dragon's attention before he found an opportunity to enter Elder Xiao's spiritual energy shield.

Elder Qu spat out a mouthful of blood and shouted with a hoarse voice, "Little Jiu, what are you doing here? Didn't I tell you to go back to the sect?!"

Yun Chujiu ignored him. Instead, she took out a few bottles of pills from her storage ring and fed them three pills each.

Seeing this, everyone could not help but smile bitterly. 'What quality pills would Yun Chujiu have? They're just hemostatic pills. Our injuries is so serious that it wouldn't take effect for a while.'

However, after consuming the pills, everyone discovered that the external injuries were visibly healing. Even the internal injuries were slowly healing! That was at least a sixth grade blood regeneration pill for it to have such miraculous effects! Where did Yun Chujiu procure such high-grade pills?

Did Elder Qi gave it to her? That should not be. It would be generous for Elder Qi to even give her a couple of such high grade pills. Why would he give her so many?! Could it be that Young Master Di gave them to her?!

Everyone's condition improved slightly, and the spirit shield was also a little more stable than before. Only then did Elder Qu look at An Feng and asked, "This is?"

"My Prince Charming's guard! If it wasn't for him protecting me, I wouldn't have dared to come in! Elder Qu, set up an isolation array. This Fire Dragon definitely understands our words."

Elder Qu took out the isolation array plate and opened the isolation array. Only then did Yun Chujiu ask, "How long can this spirit shield last? Don't you have any other defensive spiritual artifacts on you?"

Only then did everyone realize that Yun Chujiu had a ton of defensive spiritual artifacts on her. Some of them even looked somewhat familiar. 'Heavens! Was that not the birthday gift that she had scammed from us back then?!'

Elder Qu smiled wryly. "If not for those defensive spirit tools, we old geezers would've been finished long ago! We relied on our Spirit Stones to constantly replenish our spirit energy, and that's how we managed to hold on for so long! Now, the Spirit Stones are also about to be exhausted! In a while, once the spirit energy barrier fails, we'll hold back the Fire Dragon. You and this young friend must quickly retreat!"

Yun Chujiu rolled her eyes. Spiritual energy? She did have Spirit Stones, but that was what she had painstakingly obtained. She really could not bear to part with them. Moreover, she wanted more Spirit Stones!

Yun Chujiu's eyes suddenly lit up. She took out a few porcelain bottles and gave each of them three pills. "Swallow this and you'll naturally replenish your spiritual energy!"

Everyone saw three pills with golden pill patterns in their palms. Golden pill patterns? It was simply unheard of. They did not have time to look at the pills they had just swallowed. Could it be that those also had golden pill patterns?

Everyone did not have time to think and swallowed the pills quickly! After a few dozen breaths, everyone felt the spiritual energy in the cave rush into their bodies rapidly.

Their Dantian, which was originally lacking in spiritual energy, was suddenly filled with spiritual energy! The spiritual energy shield also became more stable.

The Fire Dragon felt the abnormality in spiritual energy and immediately became anxious. Its claws hit the spirit shield even more violently.
