

The Yun Family's Ninth Child is an Imp! Chapter 374

Everyone's spiritual energy was replenished and they took turns to support the spirit shield. Elder Xiao and Elder Qu could finally take a breather.

"Were these pills given to you by Young Master Di, Little Jiu? How many more do you have?" Elder Qu asked curiously.

Yun Chujiu blinked. "Don't worry, I have enough to support you guys for three to five days! Although there aren't many of these high-grade pills, there are plenty of the super-grade spirit gathering pills!"

'What the hell?

'There are plenty of super-grade spirit gathering pills?

'Are you kidding us?

'No matter how extraordinary Young Master Di is, super-grade pills can't be refined just like that!'

Bang! Bang! Bang!

Yun Chujiu took out three big buckets from her storage ring and placed them on the ground without saying a word.

"Little Jiu, although we're a little hungry, we can just take fasting pills. Why did you take out three buckets of rice? No matter how hungry we are, we can't eat so much!" The corner of Elder Qu's eyes twitched. 'This Little Jiu is really out of tune.'

Yun Chujiu grinned as she lifted the lid of the buckets. "La la la... Look at what's all this!"

When everyone saw what it was, they were instantly dumbfounded!

Inside the buckets were super-grade spirit gathering pills with pill patterns!

When did super-grade pills become so worthless? They were not even put in porcelain bottles, but in buckets instead?

Also, how many alchemists were needed to have this much refined?

The power behind Young Master Di was indeed unfathomable!

“Now you guys can be at ease, right? Eight to ten days shouldn’t be a problem! I don’t believe that we can’t think of a way to deal with the Fire Dragon by then!” Yun Chujiu said with a smile.

When everyone saw those spirit gathering pills, their spirits jolted. What Little Jiu said made sense. Everything depended on human actions. They would definitely be able to think of a way to deal with this Fire Dragon!

Everyone had good ideas, but no matter how much they discussed, they still could not think of a great idea!

“Old Xiao and I have the highest spiritual power. When the time comes, we’ll hold off this Fire Dragon. You guys take the opportunity to run! This dragon is huge. Once it reaches the narrow area ahead, its speed will slow down, and you guys will have a chance to escape!” Elder Qu felt that this was the only way in order for more people to escape.

Yun Chujiu’s little face darkened. “Little Qu, your thinking is faulty. Why must you sacrifice a few people? Can’t all of you live? Do you think your actions are very noble? If we really let you and Little Panshi be

sacrificed, would we still be able to have fun in the future? Won't we feel guilty for the rest of our lives?!"

Elder Qu's face was painted red from Yun Chujiu's scolding. "Little Jiu... Ah, Little Yun Chujiu... Then what do you think we should do? We can't all just wait here to die, right?"

Yun Chujiu straightened her small body and said seriously, "With me, your Little Ancestor, here, I will not let you all die! Let me think about it! You guys hold on while I take a nap first!"

Everyone was speechless.

Yun Chujiu closed her eyes and her brain started operating at a rapid speed. What should she do? Send a voice transmission talisman to her Prince Charming for help? No, the Prince Charming must be busy with something. Otherwise, he would not be in such a hurry to leave. Besides, when he arrives, grass probably would have grown over their graves!

'What's the weakness of this Fire Dragon? Everything has a weakness. Even an outstanding person like me has a weakness. This Fire Dragon must have a weakness too!'

Yun Chujiu suddenly opened her eyes. "Do you know what this Fire Dragon's weakness is?"

Everyone shook their heads. "Little Ancestor Yun, Fire Dragons are very rare. We only know of its existence but have never interacted with it before. Therefore, we know very little about it."

Yun Chujiu looked at An Feng, who shook his head, indicating that he did not know either.

Yun Chujiu curled her lips. 'These people aren't reliable, so I have to seek help from my gigolo!' Therefore, she took out the voice transmission talisman and said with her divine sense, "Dear Prince Charming, what is the weakness of a Fire Dragon? I'm waiting online. It's quite urgent!"
