

The Yun Family's Ninth Child is an Imp! Chapter 375

A moment later, the voice transmission talisman began to vibrate. Yun Chujiu quickly sent her divine sense into it and heard Di Beiming say in a low voice, "If the Fire Dragon has yet to grow horns, attack its eyes and rear. For those that already have horns, attack the horns on its head first, then its eyes and rear! Why are you asking this?"

Yun Chujiu giggled and took out another voice transmission talisman, "Prince Charming, I'm just asking. I love you, mwah!"

After Yun Chujiu put away the voice transmission talisman, she realized that Elder Qu was staring at her with beaming eyes. Elder Qu asked with a trembling voice, "Little jiu, was that a voice transmission talisman?"

"Yes, my idol gave it to me! Don't think too much about it!" Yun Chujiu quickly put away the voice transmission talisman, afraid that Elder Qu would try to snatch it! Elder Qu scratched his head awkwardly. 'I was just asking out of curiosity. Does Little Jiu think that everyone is like her, snatching whatever she sees?'

"My Prince Charming told me that the Fire Dragon's weakness is the horn on its head. Let's discuss how to deal with it!" Yun Chujiu said with a smile.

The dragon outside was getting increasingly anxious. It was just about to break the spirit shield, but did not expect that it would actually become more stable after that little girl arrived. 'How hateful! After I break the spirit shield, the first thing I'll do is eat that little girl!'

The Fire Dragon attacked continuously for a long time and was getting tired. Thus, it laid in the middle of the road with its huge body and closed its eyes to rest.

Just as the Fire Dragon was falling asleep, it heard an arrogant voice shouting, "Hey! Little loach! I'm coming out! Come and bite me!"

The Fire Dragon opened its eyes and saw that damned little girl sitting on a large chopping board, flying around in front of it.

The Fire Dragon was instantly enraged and stretched out its huge tongue toward Yun Chujiu.

Yun Chujiu cursed in her heart. 'Why is this Fire Dragon acting like the single-horned demon lizard? It actually used its tongue to attack as well. I'll hack you to death!'

Yun Chujiu waved her hand and a purple lightning bolt shot straight toward the tip of the Fire Dragon's tongue!

Needless to say, the Fire Dragon had underestimated its opponent and was really struck. However, its tongue was much stronger than the single-horned demon lizard's. Although it hurt from being struck, it was not a big deal. Instead, it attacked Yun Chujiu even more furiously.

"You really have some skills! I won't play with you anymore. See you later!" Yun Chujiu said as she ran into the spirit shield!

The Fire Dragon angrily hit the spirit shield with its claws. Unfortunately, the shield only trembled a little. After being replenished by everyone's spiritual energy, it was unbreakable!

The Fire Dragon could not do anything. It returned to its original spot and closed its eyes to rest.

A moment later, Yun Chujiu ran out again. "Hey! Idiot, come and catch me! You ugly freak! What's the point of living if you're so ugly? Just crash into the wall and die!"

The Fire Dragon angrily pounced at Yun Chujiu again. After dodging it nimbly, Yun Chujiu once again hid behind the spirit shield.

The Fire Dragon's intelligence was quite high and it immediately understood Yun Chujiu's intentions. 'She doesn't want me to rest. HMPH! When you come out again, I'll ignore you.'

Hence, when Yun Chujiu came out again, the Fire Dragon ignored her.

Yun Chujiu rolled her eyes and scolded loudly.

"You're originally a long worm, and you even copied the Divine Dragon's long horn. You're really shameless! No matter how much you look like a dragon, you're still a fake!"

"What Fire Dragon?! I think you should be called Fire Worm! You're just an ugly long worm!"

...

The Fire Dragon could not take it anymore and pounced on Yun Chujiu again.

After a few times, the fire flood dragon was extremely annoyed by Yun Chujiu's teasing. 'This stinky girl is obviously at the fourth level of the Spirit Enhancement realm, so why is her power of lightning so strong? Plus, that broken vegetable board was flying up and down. What the hell was that? I couldn't catch it at all!'

The Fire Dragon had seen Yun Chujiu a few times, but it did not expect that her body was shining with light and had several layers of spiritual energy barriers, which made the fire flood dragon so angry. 'Is this stinky girl selling spiritual weapons? How could she have so many defensive spiritual weapons on her body!'
