

The Yun Family's Ninth Child is an Imp! Chapter 387

The corners of Elder Qu's and the others' eyes twitched violently. What? From what she said, did she mean that she wanted payment when someone else used the earth fire? Could it be that she still wanted money from Master Xuanyuan?

An Feng, who was at the side, could only feel a surge of admiration in his heart!

'No wonder His Esteemed Self had taken a fancy to Miss Jiu! His Esteemed Self really has discerning eyes!! Who would've thought that the dark and useless little girl from back then would actually be so heaven-defying?!

Tsk tsk, taking in eight beasts in one go. Just relying on the earth fire alone could earn them a fortune!

The group spent another day or so before exiting the fire cave.

As it had already been five days since Yun Chujiu entered the cave, Liao Chuan and the others had already set off to Spirit Radiance Sect.

However, everyone quickly discovered that something was amiss!

According to the time, it should be morning, so why was it so dark outside?

Moreover, everyone noticed that there seemed to be a huge pressure between heaven and earth slowly coming down on them. Even though they were already at the Spirit Emperor realm, they still felt a little breathless!

Yun Chujiu immediately had an ominous premonition in her heart. F*CK! The damned heaven could not bear to see her doing well. If something good happened to her, it would come and join in the fun! This

time, the cloud formation was even bigger than the time when she and the gigolo were completely hacked naked. It was probably not going to be peaceful!

“This godforsaken God is probably going to strike me with lightning again. Hurry up and leave, don’t be implicated!” Yun Chujiu said to the crowd.

“Little Jiu, why does it look like this time is even more serious than the previous times? Can you handle it?” Elder Qu asked worriedly.

“Ahh, don’t worry, don’t worry! It’s good to be struck by lightning. You guys should leave quickly. You guys aren’t as weird as me. You’ll be in trouble if you get struck by lightning.” Yun Chujiu waved her small claws and pretended to be relaxed.

Everyone thought about it. They really could not be of much help anyway. They gave a few words of advice, but they did not go too far. They were only about two miles away!

Yun Chujiu frowned. “No, it’s too close. At least ten miles away. Otherwise, I’ll be struck by lightning later, and you’ll all be able to see it! An Feng, don’t just stand there. Hurry up and leave!”

“Miss Jiu, I...”

An Feng wanted to say something, but Yun Chujiu said with a straight face, “Do my words not carry weight? Hurry up and leave! Otherwise, I’ll get Prince Charming to deal with you!”

An Feng had no choice but to follow Elder Qu and the others and retreat ten miles away, staring worriedly in her direction. An Feng thought for a moment, took out a voice transmission talisman, and told Di Beiming about the situation.

After receiving An Feng’s message, Di Beiming was burning with anxiety. However, as the saying goes, ‘water from a distance cannot quench the thirst of those who near’ [1]. He took out the remaining

unused voice transmission talisman and said, “Black Thing, you must stay alive. Otherwise, I’ll strangle you to death even if I have to chase you underground!”

Yun Chujiu took out the voice transmission talisman and heard it. She could not help but twitch her lips. She thought to herself, ‘Since I’ve already gone underground, I must’ve already died. What’s the point of strangling me? Stupid!’

“Prince Charming, don’t worry. I haven’t slept with you yet. I won’t die!”

After Di Beiming received the voice transmission talisman, he could hear that Yun Chujiu’s tone was relaxed. The worry in his heart eased a little. The black thing would definitely be fine!

Yun Chujiu kept the voice transmission talisman into her storage ring, and then deliberately walked a distance forward to prevent the fire cave from collapsing. She gave herself a thumbs up. She was too kind, always thinking of others (read: the beasts). If she did not go a little further, the demonic beasts in the fire cave would all be hacked into charcoal!
