

The Yun Family's Ninth Child is an Imp! Chapter 388

Yun Chujiu found a flat area and drew a circle with the rolling pin. Then she sat cross-legged in the circle and said to the dark clouds in the sky, "Hey! Come on, let's hurt each other!"

"Hit me! Hit me more accurately. If you hit the outside of this circle, you're a bastard tortoise lightning!"

"You only know how to hit me when you have nothing to do? If you have the ability, why don't you go and split the mountain? It'll save you the trouble of having Yu Gong and the others move the mountain [1]! Why don't you go and split the sea? You can do whatever you want. No matter how you hack it, you can't break it!"

The rolling pin was on the verge of tears. "Master, can you keep a low profile?"

Yun Chujiu curled her lips. "Even if I kept a low profile, it would still hack me. Why don't I scold it to vent my anger while it's at it?!"

The rolling pin had no words.

The eight Fire Spirit Beasts in the Spirit Beast Pouch were almost regretting their actions. Damn it! What kind of master had they acknowledged? They were actually struck by lightning for no reason? They were simply scared to death!

The dark clouds in the sky were trembling. 'We, the dark clouds, can't do anything to you. Today, we're all gathered together. We don't believe that we won't be able to strike you to death! Today, we'll return all the insults you gave us in the past! Today, we will definitely strike you to death!'

The dark clouds in the sky gathered even faster, and the entire sky darkened.

In the distance, Elder Qu and the others could only see that the area near the Fire Valley was dark, as if it was shrouded in black fog. Nothing could be seen!! Their hearts were in their throats. The heavens was really going all out this time. Could Little Jiu withstand it?!

Yun Chujiu was very uneasy. 'Heavens, this darn God is playing for real this time!'

"Strange grass, Little Mirror, now is the time for you to show off your skills. If I'm going to die, you won't be able to live either. All of you, work hard!"

Strange grass and the great Void Mirror seemed to be a little uneasy as well. They did not respond to Yun Chujiu as usual. They only moved slightly, which meant that they had heard Yun Chujiu's words.

Yun Chujiu frowned. "Why are all of you cowards? Weren't you pretty awesome when you occupied my Dantian back then? Weren't the two of you arrogant when you fought? Why are you all cowards now? All of you, be more energetic!"

In order to ease her nervousness, Yun Chujiu took out a fruit and started to eat it. Well, even if she died, she had to be a glutton.

Finally, the entire black curtain of a sky seemed to have been torn open, and a purple lightning as thick as a bowl fell from the sky.

Yun Chujiu sucked in a breath of cold air. Damn it! She had already put on a show at the beginning. This time, it was really going to be tough!

Yun Chujiu did not run. It was useless to run. This damn purple lightning knew how to navigate around well.

The lightning struck Yun Chujiu's body. Yun Chujiu shivered. Fortunately, her meridians were strong. Although her body was stiff from the strike, it was not a big deal.

Just as Yun Chujiu regained her senses, another thick lightning struck down.

Boom! Boom! Boom!

The thick bolts of lightning struck down continuously, and the place where Yun Chujiu was quickly turned into a deep pit.

Yun Chujiu was already numb from the strike. She felt that other than her eyeballs and spiritual sense, the rest of her body parts had already stopped working.

Even though the strange grass and the great Void Mirror in her Dantian were swallowing large mouthfuls of lightning, the power of the lightning was too much. The speed of their swallowing could not keep up with the speed of the power of the lightning entering her Dantian.

Yun Chujiu watched as her Dantian swelled up like a balloon. Yun Chujiu could not help but laugh at herself. Damn it! If this continued, she would definitely be blown into pieces by her Dantian!
