

The Yun Family's Ninth Child is an Imp! Chapter 408

Master Xuanyuan raised his eyebrows. "What additional conditions do you have?"

Yun Chujiu giggled. "Master, you know me well. First, we must ensure the safety of these Fire Spirit Beasts. We can't be like the Heavenly Gates Sect and neglect our duties. If there are any dereliction of duty, we must punish them severely!

"Second, the price of the earth fire will be reduced to eighty percent of price set by Heavenly Gates Sect. If any force or sect is willing to exchange it for a fragment of the great Void Mirror, the price of the earth fire will be further reduced by twenty percent. We will split the Spirit Stones we get from selling the earth fire in half."

Everyone listened to Yun Chujiu's words. The first item was reasonable, but the second item was a little unclear! This little girl was very greedy. Why did she set the price of the earth fire so low? Also, why was she so interested in the great Void Mirror? The 50-50 split of profits was reasonable.

"Why did you reduce the price of the earth fire to eighty percent of what Heavenly Gates Sect charged?" Master Xuanyuan was also puzzled.

"Master Xuanyuan, the Heavenly Gates Sect has suffered such a huge loss. When we have our earth fire, he will definitely bite back and say that we stole his Fire Spirit Beast. Although I have a way to prove that they aren't from their sect, it's very likely that they will incite other factions to target Spirit Radiance Sect. Therefore, we have to seize this opportunity.

"First of all, it will be announced to the public that a Fire Spirit Beast has appeared in Spirit Radiance Sect. The reason why we should say that it was only one beast is because it's akin to being a crime to have these treasures. If the other factions knew that we actually have nine Fire Spirit Beasts, they will start making all sorts of treats and promises, and our sect would be in a difficult position to deal with them.

“Secondly, by announcing the price of the earth fire, everyone would be able to benefit from it. Naturally, they wouldn’t speak to Heavenly Gates Sect.

“Lastly, print out a few hundred copies of the contract that Heavenly Gates Sect signed with us and distribute them to all the major and small powers. This is to prevent Heavenly Gates Sect from renegeing on their promise!”

Everyone stared at Yun Chujiu with their mouths agape. How did this little girl’s brain grow so much? That was a chain of events. Such meticulous thinking truly made them sweat! They were only concerned with being happy. How could they have considered so much! No wonder she was the successor disciple of Patriarch Linghua. They really could not compare to her!

Master Xuanyuan nodded his head. “What you said makes sense. Then what about the great Void Mirror fragment?”

“Hehe, I need it for something so we might as well include it!” Yun Chujiu said with a smile.

Master Xuanyuan could not help but laugh, but did not ask further. Instead, he asked, “If the Heavenly Gates Sect says that the Fire Spirit Beast is theirs, do you have the confidence to prove that the beast has nothing to do with them?”

Yun Chujiu blinked her eyes. “That’s a piece of cake. When the time comes, I’ll let them slap themselves in the face! Master, you just said that the sect wants to give me a reward. What kind of reward do you want to give me?”

When everyone saw Yun Chujiu’s expression, they immediately felt at ease. ‘Yes, that’s more like it. If this little girl isn’t greedy, they aren’t used to it!’

In the end, Yun Chujiu obtained a few more defensive spirit tools and an isolation array plate from Master Xuanyuan. She had a special liking for defensive spirit tools. Nothing was more important than her life!

Yun Chujiu sat on the chopping board and returned to the dormitory. Just as she reached the courtyard entrance, Yun Chuwu and the others surrounded her!

Yun Chuwu and the others were all very haggard. They had been suffering for the past month because they were worried about Yun Chujiu's safety. Now that they saw Yun Chujiu return safely, they were finally relieved!

After Yun Chuwu and the others left, Yun Chujiu was about to enter the house to rest when she saw a flashy man in red appear in the courtyard.
